LARGEST MEETING ELKS ON RECORD

August Herrman, of Cincinnati, Elected Grand Exalted Ruler at Detroit.

LOWERING SKIES DURING DAY

Showers Failed to Dampen Ardor of Delegates—Exhibition Drills by United States Troops—Other Notes of Reunion.

Detroit, Mich., July 12.—August Herrmann, of Cincinnati, was today elected grand exalted ruler at the largest meeting of the Grand Lodge, Benevolent and Protective Order of Elks, ever held. As the last stragglers reached the reunion headquarters, the Grand Lodge went into executive session and a few minutes later the hundreds of delegates by acclamation proclaimed the new leader.

Edward Leach, New York, grand treasurer, and P. B. Shields, Clarksburg, W. Va., grand tiler, were re-elected.

August Herrmann.

The sharpest election contest centered about the selection of a grand secretary. Fred C. Robinson, of Dubuque, Ia., incumbent, was opposed by David McArron, of Port Huron, and George D. Bostock, of Grand Rapids, Mich. The largest vote ever cast for an officer of the order, it is said, was polled in this contest, completely swamping for a time, the election committee. It was not known whether today's ballot would decide the contest.

Lowering skies greeted the delegates in the morning and during the day heavy showers fell, but failed to dampen the ardor of the visitors. The Canadian government having granted permission for the invasion of Bois Blanc Island in the lower Detroit river, by armed troops, detachments of United States regulars from Fort Wayne gave an exhibition drill, and the entertainment programme was carried out as scheduled.

ARRESTED AT WIFE'S GRAVE.

Horse Thief Drew Three Revolvers on Posse.

Monroe, La., July 12.—Returning here early today with Phillip Ward, alleged horse thief, Sheriff Parker and his deputies reported that they came upon Ward while he was standing by the half-filled grave of his wife near Ouachita City. Ward drew a revolver, but the deputy knocked it out of his hand. He drew another and it met the same fate. As he was drawing a third revolver, the posse decided it was time to intrude still further upon the obsequies, and they placed him under arrest and handcuffed him.

Ward's wife committed suicide yesterday. He says that he had self-destruction in mind when the posse drew up and had no thought of harming them. There are at least half a dozen charges of horse stealing against him and he is alleged to have fired on a negro farmer from ambush several days ago.

COLLISION BETWEEN TRAINS.

Several Fatally Injured—Passenger Train Split in Two.

Detroit, Mich., July 12.—Eight passengers are believed to have been fatally injured and 64 were cut and bruised today when a special car on the Detroit United Railways, Detroit-Flint Electric Line was split in two by a work train. The collision occurred on a sharp curve at Wolfs Crossing, near Ortonville. Both the car and work train were running full speed, it is said. Of the fatally hurt, Willie Hibbard, aged 12, of Flint, is not expected to survive the night. Among the less seriously injured was Howard Henick, of Springfield, O. He was internally hurt.

GERMANY DENIES ANY ANTAGONISM

Sensational Story Concerning Her Relations With The United States.

BERLIN INDIGNANT AT CANARD

Was Rumored That German Government Would Oppose United States Policy in Nicaragua—Nothing Whatever In It.

Berlin, July 12.—Germany has taken no stand in opposition to the United States in the affairs of Central and South America. Germany has issued no statement that could be construed into antagonism to the American government in what that government has done, is doing, or may do in Nicaragua. This declaration was made at the German Foreign Office this evening.

Special dispatches received here from Washington and other American cities reported that the German foreign office had issued a statement today that "Germany refuses to recognize any right on the part of the United States to supervise her diplomatic relations with other countries, Central and South American countries in general and Nicaragua in particular."

When this report was placed before the Foreign Office it was given an emphatic denial. No such statement, an omcial declared angriiy, had been issued by the department or by any other department of the Government. He affirmed that no declaration of such a nature could be made, because tnere was absolutely no necessity for that, and anything published in such a sense was pure invention.

German Government officials are greatly wrought up by the attempts made to have this country appear in a role of antagonism to the United States, when on the contrary, it has been the desire of the government to develop both the commercial and The present situation has resulted from the publication of a letter from Emperor William to Dr. Madriz, president of the de facto government of Nicaragua. In several quarters apparently the significance of this letter has been misjudged, and it became necessary today in order that a wrong construction might not be placed upon it, to issue a statement, through the Foreign Office explaining that the letter was merely a formal acknowledgement of a notice received from Madriz of his election to the Presidency.

This explanation was accompanied by the statement that Germany had no intention of intervening in any way in Nicaragua affairs and that the reported offer by Madriz of a coaling station to an European power if it would intervene in Nicaragua, was not made to Germany.

Of late, so flagrant has been the abuse of privileges, accorded by the Foreign Office to certain correspondents, the advisability of expelling them has twice been considered by that department and one has already been barred on sensational dispatches which he has forwarded to the United States bearing no shred of truth.

TRAIN OVER EMBANKMENT.

Engineer Killed and Several Passengers Injured.

Salinas, Cal., July 12.—Leaving the rails while traveling at high speed, a special train bearing 100 delegates from the East to the American Chemical Society convention in San Francisco, today, plunged off an embankment near Metz, 30 miles south of Salinas, killing the engineer and injuring four women passengers and five train men. One of the victims, Mrs. Charles Lamont, of Detroit, is seriously hurt. All were taken to San Francisco, in a special train.

Atlanta, Ga., July 12.—After debating the question for nearly a week, the lower house of the General Assembly today adopted the income tax resolution by a vote of 125 to 45. Fourteen members present did not vote. A similar resolution was adopted by the Senate yesterday.

Striking Garment Workers Win in Great New York Upheaval

Photos by American Press Association.

New York, July 12.—A stampede of manufacturers to sign agreements with the 80,000 striking garment workers came today and the officials of the union predicted that the strike would be won within three days.

Announcement was made at the union's headquarters that 125 of the employers had already signed the agreements, granting the demands of the employes and that 125 more had signified their intention of doing so before the day ends.

As soon as the strike committee of the strikers opened sessions at the Victoria Hotel today the manufacturers began to arrive to meet them and sign agreements.

The strike here today caused 1,000 cloak-makers in Newark, N. J., to quit work. They declared that they feared some of the work undone in New York would be sent to Newark shops. They will remain out until the strike has been settled in New York and they will demand the same settlement as is being secured here.

WOMAN SUFFRAGE IS FAVORED

British House of Commons Passed Bill to Second Reading—Strong Sentiment in Behalf of Woman's Rights.

London, July 12.—The House of Commons, by a vote of 299 to 190, tonight passed the second reading of the Woman's Suffrage bill, for which David James Shackleton, labor member from the Clitheroe division of Lancashire, is the sponsor. The bill provides for the granting of the Parliamentary franchise to women who are possessed of the property qualification and who already exercise the franchise in municipal elections.

The unexpectedly large majority of 109 gives an important impetus to woman's suffrage, but many obstacles must yet be overcome before the principle is legalized by the necessary majority of 145. The House subsequently referred the bill to a committee of the whole, which means that the bill will be shelved until next year.

The interesting debate showed that many leading men, including Winston Spencer Churchill, secretary for home affairs, and A. J. Balfour, leader of the opposition in the Commons, who favored the principle of woman suffrage, objected to the present bill and contended that the whole country must pronounce unreservedly in favor of women voting before Parliament sanctioned such a change in the constitution.

Premier Asquith in a strong speech against the bill declared that if women had a vote they must inevitably have seats in Parliament and might take the Speaker's chair or sit in the cabinet.

Mr. Balfour contested this view. He said it was not government by consent to exclude a large class of the community from voting.

Chancellor Lloyd-George, as a strong supporter of woman suffrage, said that if the promoters of the bill would promise to re-introduce the bill in an acceptable form he would support it. Austen Chamberlain opposed woman suffrage in any shape or form.

A great crowd of suffragists awaited the result of the vote outside the House, but there was no disorder.

AVIATOR FELL HUNDRED FEET.

Howard Gill, of Baltimore, Seriously Injured at St. Louis.

East St. Louis, Ill., July 12.—Howard Gill, of Baltimore, a novice aviator, fell 100 feet tonight and sustained serious injuries. He was flying outside of the aviation field where the novice meet is to open Thursday. A runaway team of horses beneath him temporarily took his mind from his levers and he lost control of the machine. With a sudden jerk it almost capsized and started for the ground. Gill was thrown several feet away from the machine, which was wrecked. He had just finished a quarter of a mile trial flight when the accident occurred. He sustained a broken rib, a broken nose and an injured arm.

Washington, July 12.—Contracts were signed by the Navy Department today for the construction of a steel fuel oil storage tank and gasoline storage tank at each of the following naval stations: Bradford, R. I.; Norfolk, Va.; Charleston, S. C.; Key West, Fla.; Guantanamo, Cuba, and San Juan, Porto Rico.

AVIATOR DASHED TO DEATH

Prominent Young Englihman Meets With Terrible Accident—Bi-Plane Plunged to Earth and Was Demolished.—Races.

Bournemouth, Eng., July 12.—Hon. Charles S. Rolls, third son of Lord Llangattock, was dashed to almost instant death today when the Wright bi-plane, on which he was flying, fell suddenly with terrific speed from a height of one hundred feet, the tragedy bringing to a close for the day the first flying tournament of the year in England. He was considered the most daring and popular of British aviators. The accident was witnessed by a large crowd many of whom were personal friends of the young aviator.

The bi-plane struck the ground close to the crowded grand stand, smashed into a tangle mass and before the doctors and their assistants could reach the spot Rolls was dead. The event in which Rolls was competing was for a prize for the aviator alighting nearest a given mark. The goal was directly in front of the grand stand, where the spectators were massed. He had risen to a good height, then shut off his motor and was gliding in a broad circle toward the mark. Without warning the tail piece of the bi-plane snapped off. The machine gave a sudden lurch and the frame work crumpled up in the air. When it struck the ground it was smashed to splinters. The doctors found that Rolls had sustained a fractured skull. The wreck of the machine and twisted stays surrounded the body so that there was difficulty in extricating him.

Immediately after the result of Rolls' accident was known the committee announced that flying would be suspended for the day.

Audemars, the Swiss aviator, had a close shave while making a trial flight above the Bournemouth field. His monoplane overturned and descended swiftly to the ground, but he escaped without injury.

Captain Rolls had expected to come to the United States this Fall to give exhibitions of flying and to compete with any meetings that might be held. After his flight of the English channel he received telegrams of congratulation from King George and Queen Mary, was given the gold medal of the Royal Aero Club and altogether was one of the most conspicuous figures in England. Captain Rolls is the twelfth victim of the science of aviation.

NO PRIZE FIGHT PICTURES.

Norfolk Prohibits Exhibition of Jeffries-Johnson Films.

Norfolk, Va., July 12.—Efforts were made at a meeting of the Board of Aldermen tonight to adopt an ordinance prohibiting newspapers from publishing details of prize fights but the measure was withdrawn after lengthy discussion because it was feared that its legality would be questioned.

The matter came up in the shape of an amendment to an ordinance prohibiting moving picture theatres from exhibiting films of prize fights. The amendment was offered by Alderman Banks and had the support of probably a majority of the aldermen, but for the question of its constitutionality, which was raised by one member. The ordinance as applied to theatres was adopted and no prize fight pictures of any description can be shown in Norfolk.

PAN-AMERICAN CONFERENCE

Brilliant Assemblage of Delegates at Buenos Ayres—Alliance Against United States by South American Republics.

Buenos Ayres, July 12.—The opening of the fourth Pan-American conference here today was marked by a brilliant assemblage of delegates, representing the United States and the Latin-American Republics. Philander C. Knox, the American Secretary of State, and Dr. V. De LaPlaza, the Argentine Foreign Minister, were named as honorary presidents. The American delegates were warmly received on all sides, and reports of a Latin-American coalition against the United States are the subject of ridicule.

The conference was opened at 4:30 o'clock this afternoon and there was a large attendance at the inauguration ceremony.

In addition to all of the delegates there were present diplomats, Senators, and Deputies, the government authorities and many prominent representatives of Argentine commercial and professional life.

The address of welcome was delivered by Dr. De LaPlaza, and Henry White, former American ambassador to France, responded in English, in behalf of all the delegations. Both addresses were liberally applauded.

The first business session of the conference then began. The Mexican delegate, Senor Salado, nominated Antonio Bermejo for president, while Rodriguez Larreta, in behalf of the Argentine delegation, proposed Henry White for that honor. Senor Bernejo was elected. The proposal to elect Secretary Knox and Dr. De LaPlaza honorary presidents came from the Peruvian delegation. It was decided that hereafter the various vice presidents should preside at the successive sessions. The conference adjourned until 2 o'clock tomorrow.

Dr. DeLaPlaza declared in his speech that it was the desire of all America, North and South, that the light of civilization shall shine everywhere and that liberty, equality and justice for the inhabitants of all countries shall be the dominant sentiment. The basic principle of the Pan-American Conference, he added is to maintain the sovereignty and independence of each State, and such gatherings as the present serve to draw closer the ties of union and friendship between the different nations which pay homage to the Monroe Doctrine.

Mr. White in expressing thanks for the honor which had been conferred upon him responded to the sentiments of the foreign minister, saying he was convinced that the words of friendship uttered by Dr. DeLaPlaza would serve as an inspiration to the congress and the spirit of harmony would prevail in its deliberations. He pointed out that the Monroe Doctrine was conceived in the broadest spirit of brotherhood and added that the congress would conduct its work harmonously. Nothing in American solidarity, nor in the increasing friendship between the American republics, threatens the interests of the Old World.

The newly elected president of the conference Senor Bermejo expressed the belief that the congress would serve to strngthen the ties that now unite the American republics.

ROOSEVELT TALKS WITH GOV. HUGHES

They Held Secret Conclave That Lasted Long Into The Night.

REFUSED TO GIVE OUT RESULT

Will Make Fight to Force Direct Nomination Bill on Republican Machine—Speaker Wadsworth Refuses.

Oyster Bay, N. Y., July 12.—Theodore Roosevelt and Charles E. Hughes Governor of New York, met this evening at Sagamore Hill in their long expected and much heralded conference on New York State politics. They talked in secret and no word of the result was allowed to become known beyond the fact that the entire political situation in this State was taken up. Col. Roosevelt had said frankly on previous occasions, however, that the defeat of the direct nominations bill by the Republican State organization would be one of the main topics of discussion. Whether the question of a Republican candidate for Governor came up is not known.

Col. Roosevelt will have more politicians at Sagamore Hill tomorrow, perhaps the most conspicuous of which will be Timothy L. Woodruff, chairman of the Republican State Committee.

Governor Hughes reached Sagamore Hill from New York by automobile at 6:40 o'clock this evening and received an enthusiastic welcome from Col. Roosevelt. Col. Roosevelt spent the day in New York, motored home, reaching Sagamore Hill only a short time before the Governor. Governor Hughes had dinner with the Roosevelts. Then the men withdrew to the Colonel's library where they talked until far into the night.

A delegation of correspondents went up the hill at 9 o'clock in the hope that Col. Roosevelt or the Governor would have something to say after their talk had been fairly started. But the Colonel sent out word that neither he nor the Governor would be interviewed.

Col. Roosevelt has made it clear that he will fight for the direct nomination bill and J. W. Wadsworth, speaker of the State Assembly, said with frankness, when he called on Col. Roosevelt in New York today that this bill was the thing which loomed up as a rock in the smooth rear ahead as he was pleased to paint the picture.

The Speaker's chat with the Colonel gave Col. Roosevelt, in advance of his talk with the Governor, a clear view of the attitude of the Republican organization to the extent that the Speaker represents it.

The Speaker said with a broad smile afterward that his position was unchanged and that so far as he was concerned there would be no sacrifice of principle."

When Col. Rooseelt came out of his office a little later, he said:

"I talked politics with the Speaker. We discussed direct neminations. That is all I can say."

It is supposed, therefore, that the Governor and the ex-President went over this conference with the Speaker in detail tonight, and mapped out tentatively the programme announced in advance of taking steps to force into the platform when the Republican convention is held, a plank declaring without equivocation for direct nominations. The general opinion is that the first tangible result of the meeting between the Colonel and Governor Hughes will not be made known until the initial steps in the programme outlined by them is taken. On the other hand, it is possible that the full plan will not be disclosed until the Saratoga convention has been called to order.

CAPT. CHAS. SPENCER DROWNED.

Lost Life While Bathing in Swain County, N. C.

Asheville, N. C., July 12.—Word reached here from Swain county today that Capt. Charles Spencer, aged 35, of Lynchburg, professor of mathematics at Woodbury Forest School, was drowned in the Tuckasiegee river Saturday afternoon while boating with a party of students. The boat was overturned by striking a rock. All the occupants of the boat with the exception of Capt. Spencer, made their escape. Capt. Spencer was caught in a whirlpool and sank before aid could reach him. The body was recovered this morning.

(Special Star Telegram.)

Asheville, N. C., July 12.—A special from Bryson City says that the body of Capt. Charles Spencer, who was drowned Saturday in the Tuckasiegie river while out with a boating party, was recovered today several miles below Bryson, where it had been washed by the current against a rock. This is one of the most pathetic deaths that has occurred in the section for a long while. Capt. Spencer was one of a party of college men who were spending a while at Camp Cherokee. His home was in Lexington and he was a professor of mathematics at Woodbury Forest School at Orange, Va. He was a graduate of Washington & Lee, 35 years of age and unmarried. The members of the camp will accompany the body home.

PRESIDENT TAFT TALKS POLITICS

Believes The Next Campaign Will Be Hard One For Rbpublicans.

CONFERENCE WITH LEADERS

Republican Row in Alaska Giving President Much Concern—Will Send Wickersham and Nagel to Investigate.

Beverly, Mass., July 12.—President Taft talked politics today with Senator Winthrop Murray Crane, of Massachusetts; Attorney General Wickersham and Secretary Nagel, of the Department of Commerce and Labor. The conference lasted until after 6 o'clock tonight. Extreme reticence was displayed by everybody and no statement other than that the general situation was discussed could be obtained.

Senator Crane was close to the President during the last session of Congress and when the President was nammering away at the programme which he finally induced Congress to adopt, Senator Crane was a daily visitor at the White House. In looking forward to the coming campaign, which it is admitted on all sides will be a hard one, it was natural that Mr. Taft should consult with the Senator from Massachusetts among the first of his advisors.

The President was reported tonight to be well satisfied with general conditions and hopeful of Republican success "all along the line."

It was definitely determined that Attorney General Wickersham shall accompany Secretary Nagel to Alaska. The situation there has given the President much concern. Serious factional fights have been in progress there for several years. Extreme bitterness has been displayed.

The fights have been carried to Washington from time to time. The delegate from Alaska, Mr. Wickersham, who by the way is no relation of the Attorney General, is at loggerheads with the administration.

The President has found it necessary lately to remove a number of Alaskan officials. Several of the men whom he appointed to succeed failed of confirmation and made it necessary for the President to resort to recess appointments. Mr. Taft wants as much first-hand information as he can get on the situation through Messrs. Nagel and Wickersham so as to shape his future course with reference to Alaskan affairs.

The two cabinet officers will sail from Van Couver on the fish commission steamer Albatross. They will go west through Canada, leaving Montreal next Monday morning.

It has not been determined just how long the two cabinet officers will be away. The trip will consume between two and three months.

BANKER SHORT HALF MILLION.

Gambled in Stocks and Dealt in Real Estate.

Louisville, Ky., July 12.—Admission that the shortage of August Ropke, defaulting assistant secretary of the Fidelity Trust Company, is "very large" was made at the Trust Company's offices today. At the same time it was announced that the directors of the company had pledged themselves to an increase of $1,000,000 in the capital stock if such increase be necessary.

President John W. Barr issued a statement in which he says in part:

"Our securities have been found absolutely intact. The defalcation of Mr. Ropke is very large. The estates are absolutely intact. Not a dollar can be lost to any one other than the stockholders."

Ropke's shortage is placed by current rumor at about $500,000. His case today was set for hearing before a grand jury on October 5th. The prisoner was returned to jail in default of $25,000 bail.

The system employed by Ropke is also as yet unexplained, although it is generally supposed that he manipulated individual accounts. Ropke's operations were not confined to the stock market. Several years ago, he bought a building in Evansville and converted it into a theatre and office building at an expense of $65,000. This venture, it is said, proved unsuccessful and he sold the building last week.

ANONYMOUS LETTERS.

Have Been Disturbing Town of Apex, Merchant is Arrested.

(Special Star Telegram.)

Raleigh, N. C., July 12.—Charged with mailing anonymous letters containing insinuations against the wives and daughters in some of the best familes of town, W. H. Rounsaville, a merchant of Apex, was bound over in $1,000 bond to the next term of United States District Court here today by United States Commissioner Nichols. These letters have been disturbing the social and family peace and quietude of Apex and vicinity for a year or more, and efforts to identify the author have failed. Now the citizens are asserting that Rounsaville is guilty. They have letters to indicate the identity of the handwriting. Rounsaville claims to have received similar anonymous letters himself. Ex-Gov. Aycock is retained for the defense.

NEW LIFELETS.

In the immortal words of "Mrs. Johnsong," Rube will "bring home the bacon."

Well, I guess when Doak poled out that triple, Raleigh sat up and took notice.

Mr. Whitney who essayed the indicator on balls and strikes even made Raleigh howl.

Cantwell, a new Sailor acquisition, was tried out in rightfield and got one of the bingles.

Dubbs canned that error yesterday and got one of the three sacrifices. That's coming some.

Attend the meeting of the fanatics this afternoon. The hour is 3:30; the place, the Chamber of Commerce.

The Sailors are traveling a road as rough as most Wilmington streets. But then reorganization is on the way.

A Fort Wayne, Ind., scout is making inquiry by letter about Tydemann, Brooks and Luyster. They're not for sale or barter.

Bob Davis is a Doctor of Divinity at umpiring beside the new indicator handler, Mr. Whitney, imported from the North somewhere to take his place.

Tidy Ty. was on third. He was rather ont of place and figured in the tabulated score only with four times at bat and an error. And with all that, we won.

Rube allowed 'em only two hits while the Sailors garnered six, two each being captured by mills and the other two by Doak, one of them for almost the circle.

Patronage is needed now as well as games for the percentage column. A trip to the ball park tomorrow afternoon will be appreciated by the Wilmington management.

It's as hard to get a tabulated score out of Raleigh as it is to regulate the near-beer proposition. Having been located after the telegraph office closed in Raleigh Tuesday night, the story of the afternoon game reached us by mail yesterday.

TO REJUVENATE THE SAILORS

Local Enthusiasts to Provide Sinews of War for a Winning Team.—A Call to the Public for Support.

In view of the recent slump taken by the Wilmington team in the Eastern Carolina League, and realizing that Wilmington's place is near the top of the percentage column and not at the bottom, a movement was started yesterday among a number of the local followers of the game for putting the Sailor crew on a winning basis.

With this end in view it has been decided by those at the head of the movement to call a meeting of all supporters of the game here at the Chamber of Commerce this afternoon at 3:30 o'clock for the purpose of taking some action toward a restoration of the club to its old-time prestige on this circuit. Everyone is invited and all will be welcome. It is hoped that none will stay away and later criticise because this or that action was not taken. The meeting is vital to the maintenance of the sport in this city. A winning baseball team is the most effective advertisement that a city can have and for this reason. the business men should be interested. They are especially invited and their suggestions and counsel will be sought. A losing team does not attract enviable attention to a town or city and everyone as a matter of public spirit should join in this movement for a rejuvenated team. The meeting means the material strengthening and reorganization of the crew and it is hoped that this call will be heeded. The season is not yet half completed and Wilmington yet has a look-in for the rag or a finish well up towards the top. The present management has gone as far financially as it can, and it is now up to the sports of the burg to come forward or cease forever their bickerings. The causes, etc., that have led up to this emergency are not here nor there; it is now up to those who want to see a winning ball team representing Wilmington in the league and the team must be strengthened with an accent on the "Strengthen." United effort is required and now is the accepted time. There is now an effort being made to have the season divided in half, inasmuch as Fayetteville has such a runaway for the first half and it is believed that the proposition will meet with favor all over the league. Such a step would not only result to the financial good of the Highlanders, but will revive interest all around the circuit.

The plan for the meeting this afternoon, in brief, is as follows: Raise a fund of sufficient amount to allow the fans to secure at least four or five new players who will be able to bring up things from the start. To accomplish this it is proposed to get in immediate communication with some of the major league managers and have players not being used by them farmed out to the Wilmington team for the remainder of the season. The present management of the team will have nothing whatever to do with the fund now to be raised. A committee to be appointed this afternoon will have entire charge of this supplenmtary fund and will make a report in detail of every penny expended. The players to be secured will be loaned to the management and then the Sailors will get on the fast clipper bound for a higher shore on the percentage coast.

Every supporter of the game is asked to make himself a committee of one to attend the meeting this afternoon at 3:30 o'clock and to bring one other luny with him. It is important; it is vital to the interest of baseball that every true supporter of the game be present. It is now or never.

NATIONAL LEAGUE.

Cincinnati, July 12.—Cincinnati won a 13-inning pitchers' battle today 1 to 0. Barger pitched magnificent ball as did also Gaspar and Beebe. Barger lost the game in the 13th by giving two bases on balls. This was followed by Miller's hit that scored Paskert.

Comedy of Errors on Part of Railroaders Made Game Break The Other Way—Griffin Pitched Great Game.

(Special Star Telegram.)

Wilson, N. C., July 12.—It was a comedy of errors on the part of the Railroaders today in the game with Wilson, six being the number made by the crew, two of which, at critical stages, allowed Wilson to make two runs to their one. It took ten innings to do the stunt.

The visitors started the score getting in the first inning, Stein hitting it safe for two bags, and on Cregan's single, he crossed the plate. In the eighth on a base on balls, a sacrifice and a wild pitch, Wilson tied the score and in the tenth a two-bagger by Sheridan and an error by short, and the curtain was rung down. Griffin pitched a great game.

Walter Brookins Finishes Flights at Atlantic City

Photo by American Press Association.

Atlantic City, July 12.—Walter Brookins' last night here today was sensational, the adept driver gliding his machine toward the ocean until its runners were submerged in a breaker. He rose safely and glided to the beach. Both Curtiss and Brookins also made exhibition flights over the ocean.

Today's flights ended the meet. The prizes of $5,000 each were presented to Brookins for breaking the altitude record and to Curtiss for establishing a 50-mile American record over the sea course yesterday. Twenty-two flights were made during the ten days of the meet.

Luyster and Gunderson Divided Honors at Fayetteville Yesterday. Galvin's Timely Swat—Perfect Fielding.

(Special Star Telegram.)

Fayetteville, N. C., July 12.—Both Luyster and Gunderson held their opponents to four hits today but the Highlanders bunched all theirs and won 2 to 0. Mayer followed McDonald's error with a two-bagger and Galvin tore off his usual timely single, driving in two runs.

After the second inning the Giants went down in one two three order before Luyster's masterly pitching. Only 29 men faced him. Gunderson allowed no hits until the sixth. The Highlanders accepted 46 fielding chances in fast and faultless style. The game was the tastest ever played here, lacking but two minutes of equaling the League's record time. Dobson's fielding featured.

PITCHER PIERCE.

Controversy Over Ownership of New Twirler Being Merrily Waged.

(Special Star Correspondence.)

Goldsboro, N. C., July 12.—It looks like one Mr. Pierce, a "lulu" pitcher, who recently joined the Goldsboro Giants in Rocky Mount is about to become a forum in the baseball limelight, and especially among the many fans in the above town, who profess to know something about baseball. In this morning's issue of the Raleigh News and Observer their correspondent at Rocky Mount says, "What chance have we on Saturday's protest in the game with Goldsboro?"

"President Levy has wired Secretary Farrell for advice on this matter and his final verdict has not been received. The locals claim Pitcher Pierce is the property of the Danville Club in the Virginia League, and they were so informed in a wire from Manager Griffin on Friday. On Saturday night Mr. Levy wired Mr. Griffin again, stating that he had protested the game that he pitched on Saturday, and Mr. Griffin replied: 'You did right on protesting game. Pierce is property of Danville Club and must report.'"

If several telegrams and letters now in the hands of the local management prove to be true the above report from Mr. Griffin saying that Pierce was the property of the Danville Club, will turn out to be only a fake claim.

Pitcher Pierce has turned over several letters to the local management, which he has received from the management of the Danville Club, offering him a position as pitcher on the staff of the above club, but these offers were refused by Pierce who says he did not care to twirl for the above club, and further that he is the property of the Albany, N. Y., Club but has not been released. Before McDonald, manager of the Goldsboro Club, put Pierce in to pitch Saturday's game he wired to the Albany manager asking if they would give Pitcher Pierce his release stating that he wished to join the Goldsboro Club. The Albany manager answered that he would not release Pierce but the Goldsboro Club could work him until further advised in the near future.

Pierce also has letters on his person from the Rocky Mount management trying to induce him to join the pitching staff of the Railroaders, but Pierce gave out the statement that if he played in the Eastern Carolina League, it would be with the Goldsboro Club, as he and "Cy" McDonald, manager of the Giants, are very warm friends. McDonald was in Albany early in the season and was given a try-out with the Albany Club, together with Pitcher Pierce.

The local fans are very proud of their new manager, in the person of one Mr. McDonald, and feel quite confident that the Giants will yet give some of the clubs a close race for the "rag." Some people are under the impression that Fayetteville has the pennant "cinched," but this writer can't see it that way, for any baseball club is liable at any time to have a bad slump, and in this line Fayetteville is no exception, and in the language of a slang dopster we will say that, "Every dog has his day." And as the season is now only half over it is impossible to predict who will be among the six clubs of the Eastern Carolina League to win the pennant, although the Highlanders have a big lead.

TOO MUCH WORRIED.

Corbett Throws Some Side-lights on Recent Reno Fistic Battle.

New York, July 12.—Jim Corbett threw some side-lights today on the Jeffries-Johnson fight, declaring that Jeffries could have beaten a dozen Johnsons before July 4, but that worry over several things caused his deafeat.

Corbett said that Jeffries worried over the criticism of the fight by Gov. Gillett; that he fretted constantly over the news that his friends were betting all their money on him, and also the fact that Billy Delaney, his old manager, was going to aid Johnson.

AFFAIRS AT THE CAPITAL

Several New Enterprises Chartered—Missing Tinner Turns Up—No Seized Liquor to be Sold—Two Convicts Killed.

(Special tSar Correspondence.)

Raleigh, N. C., July 12.—The Atlantic Paint and Varnish Co., Wilmington, received a charter today with $35,000 capital by M. Ashley Curtis, C. N. Evans and others. There were also charters for the Landis Milling Co., Landis, Rowan county, $25,000 capital for flouring and general milling purposes by Dr. B. O. Edwards and others; The T. H. Pritchard Transportation Co., Swansboro, capital $50,000 by T. H. Pritchard, Frank Thompson and others for building and operating steamboats and other vessels for carrying freight and passengers; The Woodside Lumber Co., Belhaven, Beaufort county, capital $25,000 by W. B. Allen and others; The Montgomery Drug Co., Graham, Alamance county, capital $10,000 by T. C. Montgomery and others.

B. C. Beckwith, of the State Board of Internal Improvements, is just back from Boone, Watauga county, where he inspected the Appalachian Training School, which receives State aid. He went over the plant, inspected the two farms and examined into the office records, and it is understood that he was well pleased with the conditions as he found them.

Col. Fred A. Olds, secretary of the Raleigh Chamber of Commerce, underwent an operation at Rex Hospital here yesterday for appendicitis, and is in a very satisfactory condition today.

Much to the relief of his friends here Jno. T. Jones, the missing sheet metal and roofing contractor, has been located at Gold Hill, Va., where he has two children living with relatives. All Saturday, Sunday and yesterday a search was in progress, the fear being that he had left town under some mental illusion, due to a terrible injury on his head sustained some years ago by falling from the roof of the Zinzendorf Hotel, Winston-Salem. However, such was not the case.

News reaches here of the killing of two convicts at the State farm in Halifax county while they were attempting to ecape. They were George Caldwell serving seven years for assault with intent to kill, and John Featherstone, serving seven years from Rowan county for robbery. The two convicts made a dash from a squad of fellow prisoners as they were passing near a dense swamp. Featherstone's sentence began in 1896 and he escaped within a few months and was at large until May 19th, last, when he was recaptured in Jersey City.

An order has been received by electrical contractors here for the material for extending the Goldsboro street railway system out to the suburban park. The system was just gotten in operation two months ago and the park extension was left off at that time.

There will be no more government sales of seized blockade liquor in Raleigh, it seems, as long as State prohibition holds on. Instructions were received in the Eastern District Internal Revenue offices here today from Commissioner of Internal Revenue Cabell to the effect that hereafter, in deference to the State laws, there will be no sales of seized liquors and that where the stock on hand is not of sufficient value in grade or quantity to warrant packing and shipping to non-prohibition territory for sale, then there should be application made for the liquors to be destroyed to get it out of the way. There is on hand here now about 100 gallons of very inferior liquors. Some of it low proof and other lots really filthy, the officers say. It is probable that all this will be emptied into the streets or sewer before a great while.

WASHINGTON NEWS.

Institutes for White and Colored Teachers—Paving—Ordination.

(Special Star Correspondence.)

Washington, N. C., July 12.—The county institute for white teachers opened this morning in the public school auditorium, in this city, and will continue in session for the period of two weeks. Prof. J. H. Highsmith, of Wake Forest, is in charge of the institute, assisted by Miss Elsie Fulghum. Quite a large number of teachers from all over the county are in attendance. An institute for colored teachers is also being held in the colored graded school building, under the supervision of P. W. Moore, principle of the Normal College at Elizabeth City.

The local military company, composing Co. G., N. C. National Guard, spent last Saturday night and Sunday in camp at Tranters' Creek, just above the northern suburbs of the city. The trip from point of drills, and other instruction was a decided success, and will prove very beneficial to the company.

City Engineer D. B. Packard with a large force of hands is making rapid progress on grading the streets and laying the curbing preapratory to the paving. The contract for the paving it is understood, has been let to the Barber Asphalt Company, of Philadelphia, and the work will commence some time in the next 15 or 20 days, just as soon as the preliminary work has sufficiently advanced to warrant the start being made.

Rev. Joseph W. Fulford will be ordained to the sacred order of Priests by Rt. Rev. Robert Strange, D. D., Bishop of Eastern Carolina, at Zion Parish church, Jessama township, Tuesday morning, July 19th, at 11 o'clock. Rev. Claudius F. Smith, of Elizabeth City, will preach the morning sermon, and Rev. Nathaniel Harding of this city will be the presenter.

The record for quick building of a church was very probably broken at Pinetown, about ten miles from this city, when during a three weeks revival meeting held by Rev. Tingle, a church was erected, entirely completed and dedicated before the close of the meeting.

CONGRESSIONAL CONTEST

How It is Viewed in Columbus County. Dissatisfaction Rampant in Many of the Counties—Meetings Held in Protest.

(Special Star Correspondence.)

Whiteville, N. C., July 12.—The Congressional contest is getting red hot and still a-heating in Columbus county. It seems that both sides are dissatisfied with the action of our county convention. The friends of Congressman Godwin last Saturday held a meeting at Tabor, in South Williams township, over which Mr. C. W. Brown presided. There were 35 or 40 in attendance. This meeting was called to protest against the manner of selecting delegates to the Congressional convention. Resolutions were passed expressive of the sentiment of the meeting.

It is understood that other townships will meet this week and pass similar resolutions.

Mr. J. R. Williamson, who represents Mr. Godwin's interest in Columbus county, says there are only 12 men on the list of delegates whom he can rely upon to stick to Godwin to the end. He contends that he (Godwin) should have representation in the county equal to the vote he received in Columbus county.

It is said that a protest will be filed by the supporters of Mr. Godwin from Columbus county, and the fight made to seat a new delegation in the convention. Mr. Williamson is confident of his man winning, and says Godwin will be nominated on the first ballot. He says that each district will be strongly represented at Wrightsville Beach on the 21st, and they intend to make their fight for their rights. Mr. Williamson yesterday received several letters from different townships in our county asking him to attend and look after Congressman Godwin's interests.

The friends of Hon. O. L. Clark are also getting ready to protest, and we hear that indignation meetings will be held in Fair Bluff and Boardman, demanding that Mr. Clark be given representation proportioned to the vote he received. A strong Clark supporter today remarked to the Star correspondent in Whiteville:

"We have also reason for complaint against the delegates chosen at our county meeting. Mr. Clark had a following at both Fair Bluff and Boardman, and which will not be given an opportunity to express their choice for Congressman. The Godwin men had a majority and ran rough-shod over them. Mr. Clark is not even represented among the delegats from these places, and I hear that similar methods were practiced by the Godwinites in other townships. We intend that his friends shall have their wishes respected, and to this end will enter our protest, and there is talk of holding indignation meetings at certain points in our county where such brutum fulmen methods were practiced by the Godwin men.

"To show the methods of the Godwin supporters, I am told that in Robeson county, among the few votes McKinnon received in a certain township was a Croatan, who had worked for McKinnon and insisted on voting for him. In selecting delegates, the McLeod crowd ignored one of the best and most honored men in said township, who was a staunch friend of McKinnon, and placed this Croatan on the delegation as a McKinnon man. The other Croatans in Robeson, to the number of several hundred, voted for Godwin, yet none were given place among his delegates. They simply wanted to humiliate Mr. McKinnon and weaken his minority representation.

"The delegates from Columbus county were fairly elected, and before a name was put on the list by the committee the members of the delegation from this township were consulted. We put on the men they requested. Mr. Williamson had three votes given him on his motion, and was overwhelmingly voted down every time. It is too late now to plead any baby act. Hannibal L. Godwin will never be re-nominated for Congress in the Sixth district, for the convention will not endorse the method employed to secure his delegates and defeat honorable opponents. There is no ground for any contest in this county, unless the entire machinery of the Democratic party is overturned. There never was a fairer meeting than held in Whiteville, and the one against which the friends of Mr. Godwin are protesting, for they had every opportunity to bring their friends there and run it to suit their own taste."

ALLEN FORCES CONFIDENT.

Absolutely Assured of Eastern Man's Nomination at Charlotte.

(Special Star Correspondence.)

Goldsboro, N. C., July 12.—Your correspondent called this morning to see the managers of Judge Allen's campaign for nomination for Associate Justice, and was informed that Judge Allen's manager and his friends who have been in close touch with the contest are absolutely assured of his nomination. They have reports from every section of the State have tabulated the instructed vote and know that Judge Allen will have a majority of more than fifty on the instructed vote. From information received as to the uninstructed vote which has been gathered in the most painstaking and careful manner they assert with the utmost confidence that Judge Allen's majority will be increased from 75 to 100. They say that they have examined carefully the situation and that by no process of figuring on either the instructed or uninstructed vote, or on both together, can it be figured out that Judge Allen will receive a smaller majority than that mentioned. If his friends attend the convention, as they undoubtedly will, his nomination is a certainty.

O. T. WALLACE RESIGNS.

Special Attorney For Coast Line—To Enter Real Estate Business.

(Special Star Correspondence.)

Rocky Mount, N. C., July 12.—Among the recent changes in the affairs of the Atlantic Coast Line in this city has been the resignation of Mr. O. T. Wallace, of Wilmington, from the position of special attorney for the Wilmington division of the company. The vacancy has been filled by the securing of Mr. J. W. Keel, of the local bar, and on yesterday he entered upon his new duties. Mr. Keel will no doubt give up his local practice, or place the business in the hands of another party. Mr. Wallace, who is well known in this city, resigns the position with the Atlantic Coast Line, to enter the real estate business and he has allied himself with a firm that are at present making Washington City their headquarters.

According to news received by relatives in this city today Miss Eula Massey, the 18-year-old daughter of Mr. M. G. Massey, a prominent planter of the Nashville section of Nash county, is extremely ill at the home of her father with typhoid fever. Miss Massey has been sick for about a month ,and she has gradually grown worse.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

The MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.25 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Wednesday, July 13th, 1910.

Collector William Loeb, of New York, pretends like he doesn't care to run for Governor. He is cautiously feeling his way and if the proposition of Taft and Roosevelt takes all right, Loeb will come to the front as a patriot perfectly delighted at the idea the the New York Republicans will be made to believe that he made a great sacrifice to save the State. Watch the game.

A wealthy man a few days ago paid $50,000 for a rock crystal drinking vessel which he came across in London. It might do all right to drink chasers out of, but a thirsty man could get more for his money by drinking out of the rim of his hat dipped into crystal springs that bubble by the thousands out of the granite rocks in North Carolina. We would rather have the $50,000 and use a small part of it for the purpose of annexing a cool spring at the foot of some hill from which the limpid water gushes as cold as ice.

This is taken from the Durham Sun: "Judge Sykes out-shone the whole bunch when called on to preside over the Congressional convention. The Daily Record says that he was the most dignified presiding officer who had wielded the gavel of the convention." The above refers to Robert H. Sykes, a Wilmington boy who located in Durham, made a success at the bar and is the city recorder there. He has won popularity in his new home and the fact that Bob has made good is gratifying to his Wilmington relatives and friends. He has won his way and he deserves all that is coming to him.

Senator Bob Taylor, of Tennessee, after having consented to stump the State for the somewhat ill-famed Governor Patterson, has abandoned that purpose after receipt of a great many letters from Tennessee Democrats entering a protest. The Senator now declines to take part in a campaign, which he foresees will further embitter the two Democratic factions in his State. Many a wiley politician, after surveying an unhappy political situation like that in the ranks of his party, at the first sign of conflict would have had himself summoned to a distant shore till the fury of the campaign had exhausted itself during his absence.

Col. Roosevelt and President Taft appear to be greatly disinterested in their deliberate purpose of selecting Collector Loeb, of New York, as the next Governor of that State—that is if a Democratic Governor does not beat the two-man selection. We might express astonishment that two men could force a nominee for Governor on several millions of people but we desist when we remember that Col. Roosevelt forced the nomination of President Taft on the Republican party and then elected him President of 90,000,000 of people with the money of the Trusts that he "busted gwine and er comin'."

Says the esteemed Richmond Evening Journal: "The Journal is surprised and mortified to find so many among the newspapers of today to be arrant hypocrites. Reading over the exchanges we find that one after another, with sickening unanimity, the papers condemn the prize fight at Reno and almost without exception the display of the fight pictures." The Journal makes a noise like an amateur. Our valued contemporary publishes many a horrible piece of news but it would not be ready to endorse crimes because it publishes them as current events. The illogical Richmond paper is quite well aware that it is ready to condemn many occurrences which find their way into its columns as news.

CAUSE OF SOCIALISM.

The ultimate success of any form of government depends upon the intelligence, the integrity, and the virtue of the people. It matters not whether that government is a democracy, a constitutional monarchy or an autocracy, it is the people who make it strong or weak, who build up or tear down, who go on constructing through their influence or who bring about decay and ruin or glory by the character and intelligence of their citizenship. The greatest failure of all the autocrat governments is Russia, where anarchy instead of law prevails because of two facts—a government that stands only for one class of the people, and, secondly, ignorant masses driven to desperation by centuries of despotism. These conditions lead first to socialism and then to anarchy.

At the present time there is no place in the United States for socialism. Socialism belongs to monarchical and autocratic countries and it is the outgrowth of a despairing movement on the part of the people to secure relief at the hands of opressive governments but which are not yet so oppressive as the classes who grind the poorer people to such desperation that they cease to look favorably on private ownership of anything and consequently favor government ownership, communistic ownership, municipal ownership—anything to get the management of affairs and the conduct of business out of the hands of the classes who own the earth and make use of the masses as their vassals and slaves.

Socialism is the outgrowth of these conditions, only briefly alluded to, and which exists in European governments and was never known in the American Republic to any great extent till the Republican party got into power and gradually created the conditions that are bringing about a growth of socialistic ideas under our form of government. In a real Democracy there is no reason or cause for socialism if the principles of George Washington and Thomas Jefferson, of Andrew Jackson and Abraham Lincoln, as they conceived the rights of the people, are carried out by the government of the people instead of by the Republican government which conceals the fact from the people that it is a government of the classes. The only cause for socialism in this country, therefore, is the policy and administrations of the Republican party.

In view of these facts, as briefly alluded to as possible because they ought to be plain to every intelligent man who wants to think right and do right, the recent alarm concerning the growth of socialism, raised by President Taft in one of his recent speeches is about the most ridiculous of all the pretenses of Republicanism The Republican party, with only the brief administration of President Cleveland's intervening, has controlled this government since 1861 and it follows as a logical consequence that if there is any reason for socialism or any cause for its growth in America, the Republican party is responsible for it. It is all the more ridiculous, therefore, that President Taft should view socialism with alarm and tender to the people of the United States the Republican party as the remedy for the evil which it created and is continuing to create the longer it is in power.

Socialism is really the unrest of a protesting people, who, seeing no other remedy, adopt socialistic ideas transplanted here from Europe. If the constitutions of the United States and of the individual States and the laws passed in the interest of the people were carried out in the interest of the people there would be no earthly ground upon which socialism could grow and flourish. The fact, however, that this government is not being conducted according to the principles of the patriots and statesmen who founded it, is furnishing the only cause for the propagation of socialistic theories. We regret to say that these theories are largely taking possession of the people, not specially those who belong to any so called socialistic party, but who belong by the millions to the two old parties, beinfg neither Republicans nor Democrats but actually socialists without knowing it. If the Republican party continues in power and controls this government in behalf of special interests, as it has done in the past, how long will it be before the socialistic element in the two old parties will actually unite into a socialist party?

There President Taft may find the cause of any growth of socialism in the United States. He expresses alarm at socialism, whereas it is Republicanism that should startle him. If President Taft rather desires to head off the socialistic movement in this country he should join the Democratic party which yet stands for the people and not for the special interests. We have an abiding faith in the good sense and patriotism of the people of the United States and we believe that sooner or later they will save this country from socialism by relieving Taft and the Republican party from any further power. We have too much confidence in the intelligence, virtue, integrity and patriotism of the American people to believe that they will much longer be blinded to the real cause of the growth of socialism in free America where there should not be the smallest cause for socialism and insurgency as a protest against Republicanism.

We do not share the alarm of President Taft at the growth of socialism. The cause of our alarm is militant Republicanism and we believe the people will remove the cause before socialism gets to be really rampant. Nevertheless, we are satisfied that if the Republican party dominates this government much longer the protest will be a socialism as wild as that in Europe. It is not now the principles of parties that should so much concern American voters but the serious task for them is to restore their government to the people. The Democratic party is today the one hope of the people and if the people divide their votes between small parties that are without the possibility of strength for effecting any reform whatsoever, it will be equivalent to riveting upon this country the Republican rule that is fast destroying it. The history and the record of the Republican party is all that any sane man would have to consider in order to ascertain that his country is getting close to the breakers.

BONDS FOR ROAD BUILDING.

Most every county in North Carolina has been convinced of the importance and utility of good roads but several have appeared to be confused as to the most economical and practical way of raising funds for constructing modern highways. Some of the counties have voted down bond propositions, and levied direct taxes for good roads instead of taking the bond route which makes it less burdensome for tax-payers of today. Some of our counties are doing nothing in the way of building good roads rather than issue bonds.

North Carolina had such a sad experience with bond issues during the Reconstruction orgies that the proposition of a bond issue has ever since been a nightmare to them. However, hundreds of thousands of dollars have been voted in North Carolina during the past twelve months for good roads and municipal improvements, for the people are beginning to realize that the most economical way and the most practical plan for inaugurating improvements of a permanent nature is by the issue of bonds running long enough to place some of the burden on one or more generations who are to come after us and get as much or more benefit out of the improvements than does the present tax-paying generation. A direct tax puts the burden altogether on the taxpayers of today while a bond issue places a portion of the burden on posterity which also shares in the benefits of all permanent improvements. Neither does the direct tax produce sufficient revenue to undertake permanent improvements on a scale of much consequence, whereas a bond issue justifies worthy undertakings instead of the pidding efforts which only can be made by means of meagre direct taxes.

The Star years ago took the position that a bond issue was the only practcal way to provide funds for a permanent improvement and the strongest argument in that direction was that the taxes for paying interest and creating a sinking fund, paid annually during a period of 30 to 40 years, would put some of the burden on posterity. One of the best arguments that we have seen in justifying that position comes from the New York Tribune which, in a somewhat humorous effort at defending the Taft administration from the charge of extravagance, says:

"Critics of the administration are disposed to sneer at the surplus for the year as artificial, forced by the exclusion of the Panama Canal account from the Treasury's statement of ordinary receipts and expenditures. But that account represents a permanent investment, which is being made by the government at the expense of the generations which will enjoy its benefits. It would not be just to pay the cost of the canal out of the proceeds of current taxation, and Congress has sensibly directed that the expense of constructing the isthmian waterway shall be met from the sale of canal bonds. The general fund of the Treasury seems to be at a low ebb at present only because $116,786,000 has been taken from it to prosecute the canal enterprise, every cent of which must be returned as soon as the Panama bonds alread yauthorized are disposed of."

The Panama Canal bonds may or may not be issued to cover extravagant expenditures of money in the construction of the canal and it is not any proof of economy simply that this method of providing canal funds has been adopted, but we make the point that if there is any extravagance in building the canal or whether the expenditures are of the strictest economy, the burden, in either instance, falls on posterity, which will even get more benefit out of this great national permanent improvement than will this generation which undertook the great project of cutting a canal from the Atlantic to the Pacific.

It is right and proper for future generations to pay some of the taxes for improvements by which they are to be benefitted.

Says the Washington Star: "Cheer up, ultimate consumer! The high price of opera stars is to be reduced." Nevertheless, it will make a man "see stars" if he tries to take in all the operas.

CURRENT COMMENT.

Prof. Jeffries and Prof. Johnsing are willing to meet again. The gullible near-sports are doubtless willing to be fleeced again. But is the press willing to promote another affair of this sort? Free space in the papers made that Fourth of July thing a success.—Asheville Gazette-News.

You cannot kill one of these old vets. There was "Cy" Watson at the convention last week; he was in attendance almost all day and the best part of each night, yet he went home as fresh as a daisy. It was the same way with Major Stedman. The strain was enough to kill a young man, yet after it was over he was as spry as ever, showing no signs of fatigue or worry. Both of these old vets came out of the fray in better shape than any of the younger men.—Greensboro Record.

They do say that Representative John Morehead is vitally interested in the outcome of the nomination in this district by the Democrats, probably on the theory that if the way should seem clear he will permit his party to nominate him again. Of course if he thinks he can be elected he will run all right and being a member of the National Congressional committee he can command all the money he wants, but money alone is not going to win. He will have to explain why the mills in this district are all working on short time, with a prospect of shorter time still. The operatives were told to vote for Morehead two years ago and we would have the greatest prosperity. Instead they have been idle a third of the time for two years.—Greensboro Record.

Mr. B. F. Keith, of Wilmington, sends The Progressive Farmer a newspaper clipping telling how in his county, the trucking industry has been built up and formerly cheap lands greatly increased in value. "Just across the river in another county, where the soil is good, the lands are still lying idle. This difference is attributed largely to the stock law in the one county and the lack of it in the other. Would-be truckers find the razor-back hog and the scrub cow, two very difficult forces to contend with, so they simply go where they are protected from these marauders." Nowhere in the State is the result between no-fence and fence farms to be more distinctly seen in contrast than in the section referred to in the clipping. In one case it is an oasis; in the other a desert.—Charlotte Chronicle.

There are already charges of deals and intrigues in connection with the adjournment of the Fifth Congressional convention at Greensboro, and the action of the judicial, or sister convention, at Winston. Charges and denials are rife and on the whole the situation may be said to be on the boil. In so far as Major Stedman is concerned, The Chronicle will go on record now as saying that if any political trickery is being hatched under the surface, that fine old gentleman is no party to it. Stedman would wear sack-cloth and live on bread and water before he would resort to, or consent to, subterfuge. The Democratic politicians in the Fifth find themselves in a delicate situation. The Republicans are drawing in breath in the expectation of giving out a full-chested yell.—Charlotte Chronicle.

President J. A. Taylor, of the Wilmington Chamber of Commerce, in his recent annual report goes into an exhaustive and illuminating analysis of the freight rate discrimination which Wilmington, as a North Carolina city, suffers at the hands of the Atlantic Coast Line and Seaboard Air Line railroads. This discrimination may be seen from even a casual comparison with the Norfolk rates and the report is prefaced by some very interesting figures which serve as a basis for such a comparison. * * * We cannot readily imagine a clearer or more forceful presentation of the case of Wilmington vs. the railroads in re the Norfolk rate. That unjust discrimination has been and is being practiced, would be difficult to deny in the face of Mr. Taylor's facts. Eleven years ago the Interstate Commerce Commission had power only to condemn an unjust rate; to this has been recently added the power to prescribe an equitable rate, and a case looking to an order for such a rate should be placed before the Commission by Wilmington at the earliest possible moment.—Charlotte Observer.

We can but deplore the luck of Major Stedman in Congressional conventions, and wish for his final success in the contest now on in the Greensboro convention which is in the throes of a dead-lock at this writing—Thursday morning. This is the third Congressional convention he has entered as a candidate in as many districts and every time a dead-lock occurred. He is a man who grips his friends but seems to excite unusual opposition on the part of his opponents. Why, we cannot tell, for he is a princely gentleman at all times. Many remember the Stedman-Waddell contest in the Third district which then embraced Cumberland. An all night session at Fayetteville resulted in the nomination of the chairman of the convention, the late Mr. Shackleford, of Onslow. Again when the "Shoestring" or "Carolina Central" was formed as the Sixth district. Major Stedman lost on the 59th ballot to our lamented "Alf" Rowland. At that time this was an unusual contest for this district. We, of course, were for the Robeson candidate. But now, while having nothing to do with it, being an outsider, we can but hope the third trial will prove successful and that the Fifth District will have for its Representative the gallant Charles Manly Stedman, the able lawyer, erudite scholar and princely gentleman.—Maxton Scottish Chief.

Very different the political conditions in the Third North Carolina Congressional District, 12 years ago when Charles R. Thomas was elected to serve his party, and the present situation, when Dr. John M. Faison has been named by the Democrats to take up the work. There is often, very often, a destiny that appears to both point the way, and also force its acceptance. Fortunate the people have been under Congressman Thomas. 1898 was no year in which destiny seemed to look favorably upon electing a Democrat from the Third District, and yet the people named and elected their candidate, and the wisdom of it could be seen in the political gains for Democracy, in making the district securely Democratic, and in the material gains in every section of the district, which have come through Congressman Thomas' efforts at Washington. It is not exaggerating to say that millions of dollars benefit to his people is the result, as well as the party gain. Six terms of service and enduring benefits to party and section and State, the result. It is honor enough. Dr. Faison, the incoming Congressman, has a bright contest to make, in that there are no political stumbling blocks, such as existed 12 years ago. There must be a contest for the position, but the way is not uncertain to success. As the representative of the Third District, and North Carolina, as well, at Washington, Dr. Faison will have many situations to face that will test his party fidelity, and his executive ability in securing legislative benefits for his people. To do both, the gentleman from Duplin county is ably equipped by knowledge, stability of character and political acumen. The way is before him to succeed, as his people trust him to do, and he will go to Washington backed by people who placed the work in his hands.—Newbern Journal.

BRIGADE'S ANNUAL OUTING

General Orders No. 1 Issued Yesterday by Col. Walker Taylor, Commanding—Encampment Begins Friday.

As stated in yesterday's Star the 14th annual encampment of the Boys' Brigade, that splendid institution founded by and still under the command of Col. Walker Taylor, will be held at Southport from Friday, July 15th, to Saturday afternoon, July 23rd. The advance guard goes down tomorrow morning to get everything in readiness for the annual outing of the organization.

It is generally hoped that employers of members of the organization will grant the young men a leave of absence in order that they may participate in the outing, which will result in untold benefit to them, and incidentally will be beneficial to the employers, for the "boys" will return to their duties greatly refreshed in both body and mind and therefore capable of doing better and more efficient work.

General Orders No. 1 were issued yesterday by Col. Walker Taylor, the commander, as follows:

Camp Brunswick, Southport, N. C., July 15th, 1910.

General Orders No. 1.

The fourteenth annual encampment of the Boys' Brigade will formally open at Camp Brunswick, (named in honor of our adjoining sister county, which has furnished Wilmington so many of her substantial business men), this afternoon, at 2 o'clock, and the following hours will be observed during the encampment.

Reville	6:30 A. M.
Assembly	6:45 A. M.
Mess	7:00 A. M.
Company Drill	7:30 A. M.
Recall	8:30 A. M.
Sick Call	8:45 A. M.
Religious Exercises	9:00 A. M.
Guard Mount	9:45 A. M.
Mess	12:00 M.
Battalion Drill	4 P. M.
Dress Parade	5:30 P. M.
Mess	7:00 P. M.
Tattoo	9:00 P. M.
Taps	10:00 P. M.

One commissioned officer, one noncommissioned officer, and four privates, will be detailed daily for guard duty.

The hours for bathing and fishing will be announced daily from headquarters.

This encampment will be composed of a battalion consisting of companies A. and B., and be under the direct command of Capt. W. R. Dosher, acting as Major.

By order of Col. Taylor, Commanding.

F. D. FICK,
Adjutant.

HOSPITAL IN JUNE.

Largest Number of Days Treatment in History of Institution.

The report of the James Walker Memorial Hospital for the month of June makes a particularly gratifying showing for the institution. It will be noted from the detailed report below that the number of admissions during the month was unusually large while there was only one death. It will also be seen that there was a total of 1,700 days' treatment, the largest in the history of the hospital, both as to the total and to the number f charity patients, which reached 1,129. The report in detail is as follows: Number of patients remaining May 31st, 55; admitted during the month, 94, making a total of 149. Number of patients discharged during June, 84; died during June, 1, a total of 85. Number of Days' Treatment: Charity patients, 1,129; pay patients, 571, a total of 1,700. Operations, 48. Number of dressings, 381. Ambulance calls, 75, which is the largest in any single month since the institution was established. Out Patient Department: New cases treated, 78; old cases treated, 31, a total of 109. Dressings on new cases, 127; dressings on old cases, 132, a total of 259.

'Foley's Kidney Pills Have Cured Me.'

The above is a quotation from a letter written by H. M. Winkler, Evansville, Ind. "I contracted a severe case of kidney trouble. My back gave out and pained me. I seemed to have lost all strength and ambition; was bothered with dizzy spells, my head would swim and specks float before my eyes. I took Foley Kidney Pills regularly and am now perfectly well and feel like a new man. Foley Kidney Pills have cured me." Robt. R. Bellamy.

DENTISTS MEET TONIGHT

Thirty-Sixth Annual Session of North Carolina Dental Society—President Watkins Arrives—Tonight's Programme.

A large number of prominent dentists arrived at Wrightsville Beach yesterday and last night and scores of others will come in today to attend the 36th annual session of the North Carolina Dental Society, which convenes in the assembly hall of Seashore Hotel this evening and continues through Saturday. Officers of the society say that this meeting gives every promise of being the most successful ever held, both as to attendance and as to actual benefit to be derived from the reading of the papers and the discussions that follow.

Members of the profession began to arrive as early as Sunday and every since then nearly every train to the city has had on board several dentists and members of their families, but the bulk of them will arrive today. Still others find it impossible to be present for the first session and will come in tomorrow and some may be as late as Friday in arriving.

Dr. J. C. Watkins, of Winston-Salem, the popular president of the organization, arrived yesterday morning and is a guest at the Seashore Hotel. Dr. Arthur Hynes Fleming, of Louisburg, secretary arrived Monday, and has been busy in assisting the local committee in getting everything in readiness for the convention. Dr. W. T. Smith, of this city, is first vice president, and Dr. J. W. Stanley, of this city, is supervisor of clinics, a very important position in the society. Both were at the Seashore Hotel last evening greeting the visitors as they arrived.

The opening session will be held in the assembly hall of the hotel this evening, beginning at 8:30 o'clock, with Dr. J. C. Watkins presiding. Prayer will be offered by Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian church, this city, followed by the roll call and the reading of the minutes of the last meeting. The address of welcome in behalf of the city of Wilmington, Wrightsville Beach and the local dentists will be delivered by Mr. Chas. N. Evans, president of the Southern National Bank, and the response will be made by Dr. D. L. James, of Greenville. This will be followed by the president's address and the annual essay by Dr. J. N. Sinclair, of Asheville, the essayist. This will conclude the first session. Three sessions will be held Thursday, two Friday and the final session Saturday morning at which most of the business will be transacted.

Friday evening the visitors will be entertained at Lumina, the popular amusement resort, at a souvenir dance given in their honor by the Tidewater Power Company.

One of the most important of the many papers will be read by Dr. J. N. Johnson, of Goldsboro, on "Advertising and Advertisers," which is on the programme for Thursday morning. The discussion on this paper will be opened by Dr. J. S. Spurgeon, of Hillsboro.

The exhibits of the different dental supply houses were opened yesterday in rooms adjoining the lobby at the Seashore Hotel and are attracting much attention from the dentists. A list of the exhibitors was given in yesterday's Star.

The State Board of Dental Examiners, in session since Monday morning, for the examination of applicants for license to practice dentistry in North Carolina, finished with the theoretical work last night and today will be devoted to practical work. The board will adjourn this afternoon and the members will be free to attend the sessions of the society.

It was thought at one time last night that the hotels on the beach would be unable to accommodate the dentists who arrive today, both hotels being practically filled to their capacity, and that some arrangements would have to be made for them in the city, but later it was said a number of visitors may take their departure some time today, giving probably enough rooms for the "tooth doctors."

MACHINE THOROUGHLY TESTED

Rapid Device For Stamping Incoming Letters Installed Here.

The Wilmington postoffice is now equipped with one of the latest automatic machines for the stamping of incoming letters. The machine was received and unpacked on the morning of July 4th. The device was to have been installed the following day but there was some delay in making necessary electrical connections. It was put in position Monday and thoroughly tested and found to answer every requirement of the office for some years to come. The machine has a maximum capacity of 40,000 stamped letters an hour. It is manufactured by the International Postal Supply Co., of New York, and is simple in design and construction and occupies only a few feet of floor space. The attaches of the postoffice are greatly pleased with the machine, which takes the place of one that has been in use for many years and much out of date. Mr. E. L. Lee, one of the clerks at the postoffice installed the machine.

BEACH SCENE OF MUCH GAIETY

Yesterday's Trains Brought Scores of Additional Pleasure Seekers—Party From Rome, Ga., Today. Atlanta Party Friday.

Yesterday's trains brought scores of additional pleasure seekers to Wrightsville Beach and last night the statement was made from both hotels that practically every room in the popular hostelries were filled with guests, while the boarding houses are crowded. The visitors gathered at gay Lumina last night in great numbers and music and dancing was greatly enjoyed. Quite a number of guests at both hotels will leave after dinner today, having stayed their time at the popular resort, and their rooms will be quickly filled by others expected to arrive today.

Among those who arrived at Seashore Hotel yesterday are noted: Dr. J. C. Watkins, Winston-Salem, president North Carolina Dental Society; Dr. S. M. Long, Darien, Ga.; Miss Etta Long, St. Mary's, Ga.; Mrs. Elliott and Mrs. Dunean, Atlanta, Ga.; Mrs. M. R. Braswell, Miss Mamie Braswell, Mrs. W. C. Woodard, Rocky Mount; Mrs. W. D. Hackney, Miss Hackney, Miss Sudie Hackney, W. D. Hackney, Jr., Charlie Hackney, Miss Bue, Wilson; Mr. and Mrs. J. H. White, Elizabeth City; Mr. and Mrs. N. T. Holland and Miss Wyatt, Smithfield; Dr. and Mrs. R. M. Morrow, Burlington; Miss Mattie Lou Anderson, Fayetteville; Mrs. Charlie Brown and Miss Brown, Barnwell, S. C.; Miss Daisy B. Johnson and Mr. and Mrs. Jos. E. Johnson and two children, Warsaw; Mr. and Mrs. W. R. Crawford, Raleigh; Mr. and Mrs. Jas. T. Griffith, Marion, N. C., and Miss F. B. Monies, Hendersonville.

The arrivals at Tarrymoore Hotel yesterday included: P. H. Thompson, Geo. M. Heinitsh, W. Frank Klugh, Spartanburg, S. C., ("The City of Success," as it appears on the register), Mr. and Mrs. S. P. Hilliard, Raleigh; Mrs. Abe Schultz, Kinston; Mrs. B. G. Smith, Mullins, S. C.; Miss Blanche Smith, Miss Sallie Smith, Mrs. Katie Smith, Miss Virginia Smith, Elkton; Mr. and Mrs. H. S. Foy, Winston-Salem; Miss Elva Crenshaw, College Park, Ga.; Mr. and Mrs. H. M. Smith, Burgaw; Misses Hary and Berta Covington, Laurinburg; Miss Rose Maglenn, Raleigh; Misses Mamie and Annie Horton, Sudie Lewis, Lucy Lewis, Raleigh.

The old volunteer fire department of Rome, Ga., now maintined as a social organization, is expected to arrive at the Tarrymoore Hotel today for a ten-days stay. The party will number between 50 and 75 and include members of the families of the former fire fighters. The organization is composed of some of Rome's most prominent and influential citizens and they are always royally received at Wrightsville Beach, having visited the resort in a body several times.

A large party is expected to arrive Friday from Atlanta, Ga., and will be at the beach for some time. Some will come down on the ten-day tickets while others will purcnase season tickets. A great many others are expected to arrive during the week.

THE RECORDER'S COURT.

Two Negroes Sentenced to Terms on the County Roads.

Henry Wilson and Arthur Walker, colored, were the star performers in yesterday's session of the Recorder's court. It appeared from the evidence that both negroes had been living a rather easy life recently and not only did not work but had no visible means of support. In addition, they were disorderly Monday night just before taken in tow by the police. Not content with living an indolent life and acting in a disorderly manner, Wilson had to provide himself with a deadly weapon, which was found concealed on his person when arrested. Walker was given employment on the county roads for 30 days for vagrancy and disorderly conduct and Wilson was given a term of 12 months for carrying a concealed weapon. Judgment was suspended in the other two cases against Wilson. A case against Dora Williams, colored, charged with disorderly conduct, was continued until today. The woman was arrested late Monday night and it seems that it was necessary for the officer to club her. The wound was not thought to be serious until just before the hour for court, when she was sent to the hospital for repairs.

MAKES HIS OWN CONES

Mr. Stefano Says His Ice Cream Cones are Absolutely Pure.

Noting in yesterday's Star the Associated Press dispatch from New York to the effect that the government had seized more than 45,000 ice cream cones as a part of the campaign being waged under the Pure Food Act, Mr. J. D. Stefano, the well known Wilmington maker of ice cream cones called at The Star office in the afternoon and requested the statement that he makes his own ice cream cones and that they are absolutely pure. He stated that the following were used in making the cones: Flour, eggs, sugar, vanilla flavoring and water. Mr. Stefano operates four ice cream cone wagons in this city.

NEED OF MARINE RAILWAY

Emphasized at Meeting of Chamber of Commerce Yesterday at Noon. Conference With Mr. Geo. M. Terry.

The need of a marine railway in Wilmington sufficient in size and equipment to care for the larger as well as the smaller vessels that enter this port was emphasized at a meeting of the Chamber of Commerce yesterday at noon, called for the purpose of considering a proposition of Mr. Geo. M. Terry, of the Terry Engine Company, Brooklyn, N. Y., to remove his engine works here and establish in connection a modern and up-to-date marine railway, the company operating the plant to have a capital of $100,000, one half to be common and the other half to be preferred stock.

The proposition of Mr. Terry, who has had 12 years experience in the construction of marine engines and who for five years has been the owner and manager of the Terry Engine Co., with an established trade, was to form a $100,000 corporation and issue $50,000 common stock and $50,000 preferred stock. He would take $35,000 of the common stock, valuing his Brooklyn plant, patterns, good will and personal ability at this amount; the remainder of the common stock as well as the preferred stock to be sold to Wilmington business men. The affairs of the company would be managed by a board of directors, consisting of Mr. Terry and two Wilmington stockholders. Mr. Terry would be the active manager of the concern at a salary to be fixed by the board of directors. Mr. Terry estimated that a desirable site could be purchased for a sum not exceeding $10,000; buildings not exceeding $5,000 or $7,000; marine railway approximately $25,000, making a total of about $40,000. He would put his plant, patterns, etc., in at $35,000, leaving $25,000 of the $100,000 for working capital. In making this proposition Mr. Terry said that he did so to show conclusively his faith in Wilmington and Wilmington people and also that the people might feel assured that he desired no advantage over them in the management of the proposed enterprise. He admitted that he did not have sufficient capital to continue his business in Brooklyn with profit, being unable to fill all the orders for engines, otherwise he would come here and establish such an enterprise without asking any outside aid. He declared that there was big money in the construction of engines, but did not care to state the percentage to a general meeting, but would be glad to give any information to those who were likely to become stockholders. Mr. Terry stated that for personal reasons, which he did not care to state, that he had no rating, but he convinced the meeting that his proposition was gilt-edged and that it was of so much importance to Wilmington that the matter should be gone into more thoroughly by a special committee.

The meeting was presided over by Chairman J. A. Taylor, of the Chamber of Commerce, who stated that the object was to hear a report from members of the Commercial Club relative to a business proposition. Mr. Chas. N. Evans, president of the club, which is an auxiliary of the Chamber, explained in a general way the proposition of Mr. Terry and also spoke of the importance of such a plant for Wilmington. He said that Mr. Terry had been coming to Wilmington for the past four years, selling and installing his engines and that he was so favorably impressed with the field here for an engine manufactory and marine railway that he was considering the removal of his plant to Wilmington if given the proper support of the local business men. Mr. Evans referred to the fact that the object of Mr. Terry's visit to this section at this time was to install one of his engines on the pilot boats at Southport and that soon after arriving here learned that the engine had been somewhat damaged in transit and that it was necessary to take it to Charleston, S. C., for repairs, being unable to have the work done here. Mr. Terry, upon his return from Charleston, looked upon the field here and found the facilities inadequate. Mr. Evans stated that Capt. Earl I. Brown, United States Engineer in charge of this district, had spent $16,000 at Charleston, S. C., for repairs of government boats during the past three years that really belonged to this territory. After stating Mr. Terry's proposition, as outlined above, Mr. Evans said that the investment should pay from 10 to 20 per cent. Mr. Terry was then introduced by Mr. Evans and stated his proposition as given above.

Mr. Morrison W. Divine thought that Wilmington's greatest need at the present time was a ship railway, one that would be adequate to do all the work of this character in this territory. He thought the machine shops could be added later. Mr. Evans then explained that the steam required to run the machine shops of Mr. Terry would also be sufficient to run the marine railway. In taking the floor again, Mr. Divine stated that two of the Ocean Fisheries' steamers needed to be "hauled out", but could not be taken care of here and therefore would have to be sent to Norfolk or Charleston this week. He also spoke of a number of other vessels that will shortly be sent to either Norfolk or Charleston for the same purpose. Mr. Divine thought that there would be a marine railway established here sufficient to meet the requirements even if no deal was made with Mr. Terry.

Capt. Earl I. Brown was called upon to state his views with reference to the need of an enterprise of the kind in Wilmington. Capt. Brown stated that he was conversant only with the marine railway phase and he was satisfied that the facilities in this respect were inadequate. During the past three years the government had paid $16,000 to a Charleston concern for repairs to the steamer Cape Fear because the work could not be done in Wilmington. It is the policy of the government to have its boats overhauled once a year and the repair bill for this district amounts to $600 or $700 a month. Captain Brown said that much of the government work from this district had to be done in Baltimore and Jacksonville as the facilities at Charleston and Savannah are limited. He thought it likely that with a well equipped plant Wilmington would get much of the business from Charleston, and would get much merchant marine trade when the inland waterways project is completed. There would be much schooner repair work now, especially in the Winter. He did not think the present marine railway in Wilmington properly located for development and there is not sufficient room on the site to accommodate larger vessels and, besides, it is on an incline and in a deep part of the river.

President Taylor spoke at some length of the proposition of Mr. Terry and stated that the fact that Mr. Terry offered to take common stock, which is secondary security, demonstrated his faith. He could not conceive of a better proposition for Wilmington to get a $100,000 plant of this kind.

President Evans, of the Commercial Club, suggested the appointment of a committee to make a further investigation and make report at a later meeting. This course was adopted and President Taylor appointed Messrs. Chas. N. Evans, A. B. Skelding and Capt. Earl I. Brown as the committee. It was stated at the meeting that Mr. Louis H. Skinner, owner of the present marine railway here, would take stock in the new concern.

President Taylor read a letter from Mr. Fountain, of the A. C. L. announcing that beginning the first of the week the railroad had attached a package car to the Fayetteville-Sanford passenger train leaving here in the evening in order that local shippers might send freight in the evening and it reach Sanford in time to be sent out from there on other trains early the following morning. The same service will be given to Jacksonville and Newbern and Conway, S. C. Mr. Taylor stated that the Sanford service had hot yet been fully developed as the Southern Railway purposely fails to make the desired connection at Sanford. However, he will continue the work on the proposition until the railroad grants what is desired.

JUST AN INCIDENT.

Canine, Who Was Afterwards Hugged and Kissed, Stops Train.

As on railway trains incidents of a highly interesting and sometimes amusing character occur on the suburban cars. Something a little out of the ordinary occurred last night as the two-car train leaving the city at 7:30 P. M. started across the trestle at Wrightsville. The train was moving along at a fairly high rate of speed, when all of a sudden it slowed down to walking pace and continued at this rate for some distance. There were dozens of heads poked out the windows of the cars to ascertain, if possible, the trouble. Various theories were advanced by the passengers, the most generally accepted one being to the effect that workmen had recently been repairing the trestle at that point, making it necessary to go slow. One could almost feel the trestle giving away and several ladies on the car, three particularly, felt that the end of time for them had come. No one in the car guessed the real cause of the motorman's caution. Presently there came running down the aisle of the forward car a large dog. This explained the cause of the train's slow movement for the previous five minutes. The motorman had seen the canine in time and brought his train almost to a standstill. The dog, however, continued ahead at a slow gait and some little time elapsed before he could be overtaken without being harmed and put aboard the car. It was such a relief to the three ladies to know that there was nothing the matter with the trestle that all wanted to hug and kiss the dog at the same time. However, the stunt was performed by the one nearest the canine and the job was completed.

ATTEMPTED TO ENTER STORE.

Negroes Broke Lock, But Were Frightened Away, Early Yesterday.

At an early hour yesterday morning two negroes made a desperate effort to enter the grocery store of Mr. J. Douglas Dennis, corner Fourth and Nixon streets, and very probably would have accomplished their evident purpose of robbery had they not been frightened away in the nick of time. A gentleman who resides in the neighborhood was aroused from his slumbers by a noise as if some one were trying to break open a door and looking out in time to see two negroes break open the lock to the store of Mr. Dennis. He hurriedly called police headquarters and he was evidently heard by the would-be robbers, for they beat a hasty retreat. Officers were on the scene in a short time and instituted a search for the negroes, but were unable to locate them.

Southern National Receives Bonds.

The Southern National Bank, of which Mr. Chas. N. Evans is president, received yesterday morning the $150,000 worth of North Carolina bonds recently purchased by the institution from the State. This well known and successful institution made a heavy purchase of the bonds, showing that the officers have the utmost faith in the financial standing of the State. The bank put in a bid for considerably more of the bonds, the bid being accepted, but, as is well known, the bankers and capitalists of the State over-subscribed the amount of the issue and it was necessary to shave down all the bids.

Useful and Attractive.

As a souvenir and an evidence of good feeling toward patrons, present and prospective, the American National Bank is sending out handsome pen holders that are decidedly attractive and useful. They are ebony in color with gilt lettering, "American National Bank, of Wilmington, N. C., 4 Per Cent. Paid on Savings Accounts."

An Invitation to Women.

The Lydia E. Pinkham Medicine Company, of Lynn, Mass., cordially invite any woman interested to call at their laboratory at Lynn, Mass., and see for herself the care which is taken with the vast correspondence received from the women of the country. No letter or testimonial has ever been made public without the written wish or consent of the writer. No confidence has ever been violated, and never in their history have they sold or disposed of any of their letters from women. It is for these reasons that thousands of suffering American women every year feel free to write Mrs. Pinkham for her valuable advice, which is always given free of charge.

IMMANUEL BROTHERHOOD.

Gave Entertainment Last Night—Fine Programme—Refreshments.

The Brotherhood of Immanuel Presbyterian church gave an interesting and thoroughly enjoyable entertainment in the kindergarten room of the hurch last night. The attendance was large and the programme was such as to hold the interest of all from beginning to end. The exercises began at 8:15 o'clock, and after the opening prayer by Rev. J. S. Crowley, the pastor, Mr. Sam Matthews made a short address, followed by a recitation by Miss Blanche Penny; quartette, "Just to be With You Always," Mr. Roger M. Schulken, Mr. Wesley J. Meredith, Mr. Robert C. Ruark and Mr. Walter Whitted; piano solo, Miss Ruth Shaw; recitation, Master William Penny; reading, "A Christmas Play Extract," from "Lovely Mary," Miss Reba Plowden. Miss Willa Middleton, who is the attractive guest of Miss Ruth Shaw, delighted the audience with several negro dialect selections. She is a talented and trained elocutionist and her selections were very much appreciated. The concluding feature of the programme was an address by Rev. J. S. Crowley, who spoke briefly of the work of the Brotherhood and emphasized the importance of unity of action. Following the rendition of the formal programme refreshments, consisting of ice cream, cake and fruits, were served.

"MY TURN NEXT."

Laughable Play Presented to Appreciative Audience Last Night.

A novel entertainment was given in the Sunday School room of St. Matthew's Lutheran Church last night by the young people of the congregation in the form of a play, entitled "My Turn Next," a bright and extremely laughable production, which greatly pleased the large audience. The entertainment was given for the benefit of the Ladies' Missionary Society and a neat sum was realized. The following was the cast of characters:

Mrs. Triaxcum Twitters .....
..... Miss Elene Kure
Mr. Triaxcum Twitters .....
..... Mr. Willie Otersen
Timbolus ..... Thos. Strauss.
Mr. Trapp ..... Mr. Jas Brown
Secily ..... Miss Lillian Holland
Farmer Wheter ..... Thos. Strauss

Miss Elizabeth Otten gave a whistling solo which was very much appreciated by the audience. The different parts of the play were in capable hands and the young people showed decided talent.

JUNIOR ORDER EXCURSION.

Large Party Spends Day Delightfully at Carolina Beach.

One of the largest and most successful excursions of the season to Carolina Beach was that of yesterday under the auspices of Jeff Davis Council, Jr. O. U. A. M. The steamer Wilmington made three trips to Carolina Beach landing, the first boat leaving the city at 9 A. M., the second at 2:30 P. M. and the third at 7:45 P. M. While a majority went down on the morning trip on the steamer there were quite a number aboard on the afternoon and evening trips. The last boat returned to the city shortly after 11 o'clock last night and most of the party returned at that time. The weather was ideal for such an outing and nothing occurred to mar the pleasure of any one. The committee in charge of the outing was composed of Messrs. O. E. Merritt, E. C. Woodbury and B. Frank Brittain, Jr.

Larceny of Watch Charged.

Arthur McNeill, colored, was arrested at his home at 1:30 o'clock this morning by Officers Brinkley and Coleman on a warrant charging him with the larceny of a watch Sunday morning. It is alleged that he stole the watch from the residence where he was employed as a servant. The watch was missed about 10:30 o'clock Sunday morning and 30 minutes later it was purchased by a young man, who had reason to believe that it had been stolen and whose sole purpose was to restore the time-piece to its rightful owner. He finally located the owner and turned the watch over to her. It is presumed that it was upon his information that the warrant against McNeill was sworn out. The negro was given a berth at the City Hall and will be arraigned in the Recorder's Court this morning.

Alleged Forger Arrested.

Charged With forging the name of Bert Green, colored, thereby securing money from a money-lender on Market street, Alex. Roberson, colored, was arrested near Eighth and Wooster streets, by Mounted Officers Frank George and T. M. Hall at 1:30 o'clock this morning. Being unable to give bond the negro was lodged in the city prison to await hearing this morning before the Recorder. The warrant for Roberson was sworn out a few days ago by Green.

My Corns Don't Hurt A Bit.

Tired, Ailing, Swollen, Smelly, Sweaty Feet, Corns, Callouses and Bunions, TIZ Cures Right Off.

Say good-bye to your corns the very first time you use TIZ. You will never know you have a corn, bunion or callous, or sweaty, tired, swollen, aching feet any more. It's just wonderful the way the pain vanishes. Rub the corn—hammer it with your fist if you wish—no more pain after TIZ than if there had never been a blemish on your feet. Doesn't that sound good to you? Doesn't it? Then read this.

"The corns on either of my toes were as large as the tablets you make to cure them. To-day there is no sign of corns on either foot and no soreness. It's an up-to-date Godsend.—Sam. A. Hoover, Progress, N. C.

Just use TIZ. It's not like anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principal of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct, if you wish, from Walter Luther Dodge & Co., Chicago, Ill.

COLLEGE OF BISHOPS.

Vanderbilt University Matter Before Meeting at Nashville.

Nashville, Tenn., July 12.—The college of Bishops of the Methodist Episcopal church, South, met here today to consider the relations of the church to Vanderbilt University, and to determine whether it will be expedient to bring suit in the courts to sea the three trustees appointed by the general conference at Asheville to places in the board of trust. A compromise was suggested and a committee was appointed to bring about this result if possible.

Nashville, Tenn., July 12.—The differences between the board of trustees of Vanderbilt University and the College of Bishops of the Methodist Episcopal church south, over the control of the University will be threshed out in the courts. Such is the meaning of the action of the biships in session here today. With Bishops Kilgo, Lambrutn and Hendrix absent the college of bishops rejected the idea of any compromise and named a committee with Bishop Collins Denny as chairman, to carry out an agreement upon programme of a law suit. Bishop Hendrix who is president of the board of trust of Vanderbilt University, attended the morning session of the bishops and opposed the plan which was adopted at the afternoon session, at which he was not present.

KNIGHT YANCEY & CO.

Liverpool Interests to Support Legal Proceedings, if Instituted.

Liverpool, July 12.—Didectors of the cotton association have decided to support financially any legal proceedings taken by members arising from the losses suffered by dealings with the Alabama firm of Knight, Yancey & Co.

A large number of Liverpool cotton firms suffered heavy losses early in May through having made payments on alleged false bills of lading received from America. The firm of Knight, Yancey & Co., which went into bankruptcy, was charged with having drawn drafts on Liverpool and other foreign firms to the amount of several hundred thousand dollars against bills of lading representing cotton which never had been shipped. Several members of the Liverpool association came to America to investigate the matter and there was talk of bringing criminal proceedings against members of the firm.

READY FOR MONEY.

Census Enumerator Who is in Hurry for His Pay.

Nyack, N. Y., July 12.—Census enumerators all over the country still waiting for Uncle Sam to compensate them for their services will be able to sympathize deeply with William G. Grant, of Rockland county, who has written to Census Supervisor James Kilby, of this district, complaining of the delay. The letter which reached Mr. Kilby today, says:

"Now that all the danger from Halley's comet has passed and Theodore is home again, I would most respectfully inquire if the government can spare the small amount due me for my services as an interrogation point during March and April. If they really need it, I can wait a little longer, but my wife is arranging for the celebration of our silver wedding in the Fall and we will need it by then. She believes now that I have received it and have blown it in, and nothing outside of the check will convince her.

"We had figured on using the money for a trip to the seaside this Summer but the figures were wrong and now we expect to get it in time to buy furnace coal next Winter. For the love of God call an extra session of Congress or something and get it through. If they can't spare the cash, tell them to send two cent stamps for I would like to have some good of it before the family has to use it for a white tombstone to put over the grave of yours truly."

ANTI-JAP FEELING.

Feeling Among Commons in Australia Reaches Acute Stage.

Washington, July 12.—Japanese mail to the State Department quotes a returning traveler from Australia as saying that the anti-Japanese feeling in Australia has reached an extreme point. According to the published interview forwarded here, Japanese are forbidden entrance to any of the Australian clubs and forbidden to attend public meetings. German influence, it is said, is believed to be responsible for this anti-Japanese feeling.

Japanese newspapers criticise the talk of the German influence as an anti-German campaign analogous to the anti-Japanese talk. The secret of the Australian situation, is is claimed, is that while nominally admission is granted to merchants, students and travelers, "merchants" is interpreted to mean heads of firms only, all other tradesmen being classed as laborers.

Japanese papers point out that this treatment experienced by Japanese subjects in Australia, while worse than that experienced in the United States, attracts less attention because of the smaller number of persons affected.

WASTE OF SMOKING RUINS

Two Lives Lost in Destruction of Canadian Towns.

Dalhousie, N. B., July 12.—A waste of smoking ruins extending for two miles and seven isolated buildings represented tonight the town of Campbellton and the nearby village of Richardsville, which were overwhelmed yesterday by fire driven before a gale. Two lives were lost during the ten hours the fire raged.

Five thousand residents of Campbellton and 75 in the village were destroyed. The combined loss in both places is estimated at $2.500,000. The total insurance $1,000,000. Tonight some semblance of order had been established and relief work was begun. During the day special trains brought tents, food and other supplies, and all who could not be accommodated in Dalhousie and in the farming districts were quartered under canvas. Hundreds of persons lost all they possessed and it was a disconsolate band of refuges who camped tonight on the banks of the Restigouche.

Campbellton was the largest cedar shingle centre in Eastern America. All the mills were destroyed, including the big lants of the Shipes Lumber company, Richards Lumber Company and the Mofft Mills. The properties of these three concerns, in which American capital was interested, was valued at $300,000. A gale and the failure of the water mains left the population helpless against the sweep of the flames.

Many of the men who attemtped to stay the conflagration were obliged to abandon the hose and flee for their lives when the flames overwelmed the hundreds of wooden buildings of which the town was constructed. Embers from great quantities of burning shingles, carried long distances by the gale, set fires by the score and for ten hours the destruction went on. The flames burned themselves out in Campbellton and Richardsville this morning, but the forest is still ablaze at many points.

The fire was the greatest in New Brunswick since the destruction of a large part of St. John in 1877. The Canadian government is a heavy loser through the destruction of Inter-Colonial Railroad Property. The government does not insure its property.

Tonight traffic on the railroad, which was interrupted fro 24 hours, was resumed.

KEPT HER MARRIAGE SECRET.

Death Revealed That Supposed Spinster Was Man's Wife.

Fort Wayne, Ind., July 12.—It has just come to light that Mary Walters, a supposed spinster, who came here from Norfolk, Va., where two sisters survive, and who died here last week, was long ago married to John Murphy, a railroad engineer, whose death occurred six years ago.

"Miss" Walters and Murphy always appeared to be warm friends, though nothing more, and when Murphy died it was found she was beneficiary of his life insurance policies and that in a will he had left her his bank savings and property. She refused to accept any of these and everything was turned over to his relatives.

"Miss" Walters was stricken with paralysis recently and died last week. A search of her effects disclosed a marriage certificate bearing date of 1881, showing that she and Murphy had been married. They had never lived together, though none of the friends of either can give a reason and none had suspected the marriage of the couple. The Walters family is said to have been prominent in Virginia.

NEWSPAPERS BEST MEDIUMS

Because They Reach the Home, Says Buffalo Expert.

The newspaper is the best advestising medium in existence, declares G. W. Johnson, an advertising expert of Buffalo, N. Y., who makes a specialty of raising large sums of money for charitable purposes in short spaces of time. Mr. Johnson relies entirely upon advertising to accomplish his ends. In ten days he raised $300,000 to build a Y. M. C. A. for Buffalo. In a published interview he says among other things:

"The newspaper is the best thing there is in advertising, because it reaches the home. It stands in exactly the same relationship to the community as does the physician to his patients or the clergyman to his congregation. In a local advertising campaign the home much reached. All articles used in a home are advertised, of course, and the women of this country do more than 90 per cent of the general buying for the home. The newspaper reaches the women, thereby placing before them the good qualities or new ideas of the article advertised.

RUNAWAY COUPLE CAPTURED.

Girl of Fifteen Eloped With Man of Thirty.

Washington, July 12.—Bessie Robertson, aged 15, and Tom Whelan, aged 30, of Petersburg, Va., who the police of this city were asked several days ago to look out for, were arrested today as they stepped off a train at the union station here. The girl was sent to the House of Detention and the man held at the police station pending the arrival tonight of a detective from their home city who took them back with him. They said they had not been married.

Petersburg, Va., July 12.—Miss Robertson left her home Saturday afternoon and Thomas Whelan, the Chesterfield county farmer, with whom she was arrested in Washington, D. C., today, sent a note to her parents Saturday night stating he knew where the girl was and that she was in safe hands. Miss Robertson's parents then swore out a warrant charging Whelan with abduction.

WISCONSIN DEMOCRATS MEET.

Will Nominate State Ticket—Schmitz for Governor.

Milwaukee, Wis., July 12—The Democratic State convention early today voted in favor of nominating a State ticket and immediately unanimously named Adolph J. Schmitz, of Milwaukee as their candidate for Governor. Mr. Schmitz made a speech thanking the convention for the honor.

INTERESTING PRISONER.

Negro Twice Liberated From Lock-Up at Wadesboro Saturday Night.

(Special Star Correspondence.)

Wadesboro, N. C., July 12.—For a while Saturday night things were interesting around the city guard house. One Dave Mills, known as "Dope" Dave, was locked up late Saturday evening for being drunk and disorderly. Dave reposed very comfortably for a short time, and seemed to be enjoying the rest. But about 9 o'clock the alarm of fire was sent out from the interior part of the place where he was resting, and upon investigation it was found that all of the bed clothing in the cell where Mills was locked up was on fire. Before anyone reached the place the imprisoned man was yelling "fire" and when the crowd gathered and was busily engaged in putting out the flames "Depo" Dave mad his way home or to some other parts that were not at that time so smoky. Sunday morning Dave came up town and walked up to Policeman Allen, and asked him why he put him up Saturday night and tried to burn him, the officer replied that he did not try to burn him, whereupon Mills cursed him. The officer then proceeded to lock him up again, but not for long, for Dave applied some of the mechanical skill which he possesses at the times when his whiskey is not too strong, and he went to work and broke an iron bar and proceeded to prize open the door of the cell and then the outside door, and made his escape. The officers say that if they catch him again that he will not get away before justice is administered to him in such a substantial way that he will not again want to try the experiment.

IMPROVE THE BUFORD.

Owners of Charlotte Hotel Property to Remodel It.

Charlotte, N. C., July 12.—Messrs. R. M. Miller, and W. R. Johnston, the latter of Richmond, Va., owners of the Buford Hotel, decided when Mr. Johnston was in Charlotte several weeks ago, to improve the hotel. They are figuring on putting in an elevator in the front lobby; making a new entrance where the old steps on Tryon street are located; and making other improvements, which are badly needed and which will add very much to the comfort of the guests. The Commercial Bank will move into its new building on the west corner of Tryon and Fourth, within the year, and the owners of the Buford talk of converting the rooms which the bank now occupies into a cafe. If the plans are carried out the cost will be about $30,000.

SAIL FOR EUROPE.

Mrs. Helen Kelly Gould and Her New Husband Off.

New York, July 12.—Mrs. Ralph Hill Thomas, who was formerly Mrs. Helen Kelly Gould, sailed for Europe with her husband today on the liner Kaiser Wilhelm der Grosse. At the same time her two children were being held under guard by the aunt, Miss Helen Miller Gould, to whom they were taken when seized by detectives late yesterday following their mother's marriage.

Mrs. Thomas, recently divorced from Frank Gould, and married yesterday to Ralph Hill Thomas, was bitterly indignant over the seizure of the children.

PEE DEE LEAGUE.

Jonesboro-Sanford Pulls Out, Wadesboro Claims Pennant.

(Special Star Correspondence.)

Wadesboro, N. C., July 12.—Accordin to the agreement entered into at the time the Pee Dee Baseball League ws formed, Wadesboro has already one pennant to her credit. On Saturday night Sanford-Jonesboro, withdrew from the league and therefore, the first series of gmes was closed and Wadesboro being in the lead as to percentage, of course, takes the pennant. Another series is now opened up and the thing started over again and Wadesboro, of course, expects to get the next pennant, thus making her two in one season.

How Winston-Salem Encourages New Manufacturing Enterprises.

Winston-Salem, July 11.—President H. R. Starbuck of the Winston-Salem Board of Trade today appointed Messrs. J. L. Ludlow, H. E. Fries, W. N. Reynolds, E. W. O'Hanlon and Clement Manly as a committee to take up the matter of a guarantee fund to aid in financing new manufacturing concerns that may desire to gain a foothold here. Colonel Ludlow brought up the project at a meeting of the board last week, pointing out that Eastern, Pa., had a fund of $600,000 and that it had brought more than $5,000,000 in new capital into the city.

CHARLTON CASE.

Looks Like Deadlock on the Question of Extradition.

Washington, July 12.—Porter Charlton, who is under arrest at Hoboken, N. J., charged with the murder of his wife, Mrs. Mary Scott Castle Charlton, at Lake Como, Italy, will not be surrendered in response to the request made by the Italian government for his extradition to Italy for trial. The present intention of the State Department is to decline to surrender him. Italy will not agree to surrender Italians who have escaped to their own country after committing crimes here, therefore a deadlock exists on the question of extradition

Smithfield, N. C., July 12.—Abe Vinson, colored, aged about 50 years, was struck by lightning yesterday afternoon, about 4 o'clock, while chopping cotton on the farm of Mr. W. Wellons, about one mile south of this city and instantly killed. With him at the time were two or three children, these escaping unhurt. Abe was a splendid negro and well thought of by the people of the town.

High Point, July 12.—Robena Slack, little daughter of Mr. and Mrs. J. S. Slack, is in a critical condition from the result of a fall from second story to the ground, the distance of about 18 feet. The little girl went to the window and jumped or fell to the ground. She was picked up a few minutes later by her father in an unconscious condition.

COTTON MARKET DISQUIETED

Rumors of Germany's Dissatisfaction With Our Central and South American Policy Disturbed Prices—Weather.

New York, July 12.—After a quiet and comparatively quiet early session, the cotton market turned easier in the later trading today under Wall Street selling following a somewhat less bullish weekly weather report than expected, a break in the stock market and an unfavorable opinion of Germany's reported stand with reference to Nicaragua. The close was easy at a net decline of 4 points on July and of 10 to 16 points on later months. The market opened steady at a decline of 1 to 5 points in response to lower cables, a more favorable view of the weather map realizing and local selling. July was relatively firm and held within a point or two of last night's close, but the later months sold off to a net loss og about 5 to 8 points during the first few minutes.

The offerings were not heavy, however, crop accounts were somewhat conflicting but were still of a bullish average, and there appeared to be a continuation of the quiet buying movement which has been noted in the new crop positions recently on all the soft spot markets and all was attributed to spinning interests. This checked the decline and during the middle of the day the market rallied to within 2 to 3 points of last night's finals following which it broke quite sharply in the late trading as indicated above. Southern spot markets officially reported early were unchanged to 1-8c higher. The weather map showed no rain in Texas but recent rains and showers appear to have relieved the situation thre over a greater part of the State and at least conditions in the Eastern belt have been somewhat more satisfactory of late, although today's reports showed rain in some sections. A correction makes the arrivals from Liverpool reported yesterday 600 bales instead of 200, and it is estimated that in all about 1,400 bales will be received here from Liverpool before the end of the month. Some of the July selling today was said to be against spots to come here from the South.

Receipts of cotton at the ports today 3,237 bales against 1,367 last week and 4,894 last year; for the week 20,000 bales against 21,744 last week and 31,494 last year. Today's receipts at New Orleans 272 bales against 1,259 last yeyr and at Houston 269 bales against 214 last year.

Spot closed quiet; middling uplands 15.45; middling gulf 15.70; sales 2,200 bales. Futures opened steady and closed easy.

LAPSED INTO DULLNESS.

Weekly Bureau Report Discounted—The Cotton Morket Yesterday.

(Special Star Telegram.)

New York, July 12.—While the general advices from Liverpool were disappointing some private advices were more bullish and the market after the opening lapsed into dullness, with local scalping only keeping it alive. The leaders were conspicuous by their neglect of the market acting as though time was the best ally of their battalions. For today the weather appears more settled excepting possibly in Georgia and South Carolina. Later in the day there was some selling of the old crops. The report of the Weekly Bureau was evidently discounted as the market sold off a trifle on bullish news from Georgia, South Carolina, Alabama, Mississippi and Arkansas. The crop shows some recovery in many districts, but is not varying enough in either direction to make aggressive action. Hence the halt in prices.

STOCKS SUFFERED REBOUND

Several Days' Rebound Halted Because Buyers Were Not Willing to Stand for It.—Nicaraguan Trouble.

New York, July 12.—Stocks suffered reaction in today's market after rising in the early dealings to about the high level of the re-bound, which has been prominent for several days. The movement was not accompanied by any notable change in the news of conditions but there was a distinct decrease in demand at the higher levels incident to the reduction of the short interest and the disinclination of buyers of a more substantial kind to follow the rise in prices in face of the uncertain views of the conditions indicated by the six months of falling prices of stocks.

The copper stocks were the vulnerable spot in the list, Amalgamated Copper falling to a new low level for the year in consonance with a further decline in the price of copper in London. This special weakness had a sympathetic effect on the general list. The tone of a statement said to have been issued on behalf of the German foreign office regarding diplomatic relations in Central and South America, was the decisive influence in shaping the later movement of stock prices.

The course of the copper market gave added effect to the dragging tendency of the steel market and enhanced the feeling that a marking down of prices of steel products might have to be faced before recuperation set in effectively.

The weakening effect of liquidation in coppers and hesitation in buying to the extent of the rebound, made the market sensitive to the reported utterance of the German foreign office. The report was so circumstantial in giving sanction to the statement and the statement itself was, at the same time, so provocative in tone as to throw some feeling of consternation into the market. There was some hasty throwing over of stocks. The direct contradiction in the tone of the conciliatory statement on the subject from the same source earlier in the day served to throw suspicion on it and the lack of reliable confirmation up to the close of business left the report discredited and induced the shorts to cover and rally the market.

The earlier severe declines were only partly recovered, leaving last prices below last night, but with the tone quite steady.

Crop news, money market conditions, the gold import prospect and other factors which have figured in the last market were supplanted by the technical position and the German sensation.

Bonds were irregular. Total sales par value $1,413,000. United States bonds were unchanged on call. Total sales today 660,300 shares.

THE GRAIN MARKET.

Chicago, July 12.—Unresponsive to rain was the verdict today against Spring wheat. Expert opinion to that effect turned the market here topsy turvy, and resulted in a clear advance of 5-8 to 7-8 a bushel. Corn and oats became firm in sympathy and closed at prices varying from last night's level to 5-8c higher in the case of the former and to 3-8c up for the latter. Hog products swung in the opposite direction finishing 10 to 22 1-2c down.

Winsted, Conn., June 9.—Rear Admiral Cowles, retired, of Farmington, brother-in-law of Col. Roosevelt, is now prominently mentioned for Governor on the Republican ticket this Fall. His name beams on the political horizon since the fact became generally known that Charles A. Goodwin, of Hartford, who is seeking the nomination, is a near relative of J. Pierpont Morgan and a director of the New York, New Haven & Hartford Railroad. Everett J. Lake, of Hartford, who was a football player at Harvard, is also making a determined effort to land the nomination.

MILLIONS OF SPINDLES IDLE

Nearly Every Cotton Mill in South Carolina Closed.

Spartanburg, S. C., July 12.—Reports showing that 3,622,000 spindles out of the 3,711,000 spindles represented in the South Carolina Cotton Manufacturers' Association will be stopped at least a portion of the time in July and August, were presented at the meeting of the association held here this morning. Some of the mills represented in the association are not now and never have been in operation, thus making the curtailment movement practically unanimous. It is estimated that the movement will mean a reduction in output amounting to 2,500,000 pieces of cloth.

JAPAN'S TREATY WITH RUSSIA.

Interest of China in Manchuria Will Not be Affected.

Washington, July 12.—The text of the long-heralded Manchurian convention between Japan and Russia signed July 4th at St. Petersburg, was made public tonight. It is one of the shortest important treaties of modern times, being just 237 words in length. It follows:

"The Imperial Government of Japan and the Imperial Government of Russia, sincerely attached to the principles established by the convention concluded between them on the 30-17 of July, 1907, and desirous to develop the effects of that convention with a view to the consideration of peace in the extreme East, have agreed to complete the said arrangement by the following provisions:

"Article 1. With the object of facilitating communication and developing the commerce of nations, the two high contracting parties mutually engage to lend each other their friendly co-operation with a view to the amelioration of their respective railway lines in Manchuria and the improvement of the connecting service of the said railways, and to abstain from all competition prejudicial to the realization of this object.

"Article 2. Each of the high contracting parties engages to maintain and respect the status quo in Manchuria resulting from the treaties, conventions and other arrangements concluded up to this day between Japan and Russia or between either of these two powers, and China. Copies of the aforesaid arrangements have been exchanged between Japan and Russia.

"Article 3. In case that any event arises of a nature to menace the status quo above mentioned, the two high contracting parties shall in each case enter into communication with each other, in order to arrive at an understanding as to the measures they may judge to take for the maintenance of the said status quo."

The convention had been presented to the tSate Department by both the Russian and Japanese ambassadors. The notes of transmission were almost as interesting as the agreement itself.

Baron Rosen, the Russian ambassador, stated in his note that he was instructed in making the communication to express fully to the Secretary of State the hope that he would find in the convention, which was described as re-affirming Russia's peaceful relation with Japan, and as being directed neither against the interests of China nor those of any power, a new pledge of stability and general peace in the Far East.

Ambassador Uchida, of Japan, in his communication to the Secretary of State, said he was instructed to make corresponding representations.

It was stated that the negotiations which resulted in the signing of the St. Petersburg communication began last November.

ALABAMA REPUBLICANS MEET.

Full State Ticket Nominated—Taft Endorsed—Roosevelt Welcomed.

Birmingham, Ala., July 12.—The Alabama Republican convention here tonight nominated a full list of candidates for State officers, except for justices of the Supreme Court. The ticket is as follows:

Governor—J. O. Thompson, Birmingham.

Lieutenant Governor—G. O. Chenault, Lawrence county.

Treasurer—J. F. Suterer, Cullman.

Attorney General—Alexander C. Birch, Birmingham.

Auditor—John B. Shields, Walker county.

Secretary of State—Thomas Bingham, Montgomery.

Commissioner of Agriculture—B. B. Cox, Mobile.

Superintendent of Education—J. C. Walker, Randolph county.

Railroad Commissioner—J. T. McEnery, Bessemer, and Frank Lathrop, St. Clair.

The platform endorses the Chicago National platform and praises the administration of President Taft. It extends a warm welcome to Theodore Roosevelt to America once more.

On State issues a compromise on the liquor question is inserted endorsing the action of the Montgomery conference and favoring repeal of the present laws if they are found unsatisfactory.

NORFOLK COAL DEALERS.

Evidence of Combination to Squeeze School Authorities of City.

Norfolk, Va., July 12.—Because ten coal dealers in Norfolk submitted the same bids forfurnishing fuel to the public schools of this city, the board of school trustees today refused all bids and named a committee to investigate the existence of an alleged combine in Norfolk. It was also suggested that the matter be called to the attention of the State's attorney for acion. I is probable that the United States District Attorney will take some action if the matter is referred to him.

NEW RAILROAD LAW.

First Case Comes Up Before Interstate Commission.

Washington, July 12.—The controversy over commutation rates, between a half million New York City "commuters," and seven great railroad lines occupied today the attention of the Interstate Commerce Commission. The question immediately at issue was whether the Commission should assume jurisdiction over the commutation passenger rates of the railways operating out of New York City into and through New Jersey, and thus by inference over commutation passenger rates throughout the country.

The proceeding was the first instituted under the recently enacted railroad law. It was begun by the Railroad Commission of New Jersey and was joined in by representatives of several New Jersey municipalities.

The carrier operating out of New York City recently increased by an average of about 18 per cent. their commutation passenger rates. The proposed new rates were postponed upon request of the Commission until July 20th, to afford time to inquire into the authority of the Commission under the new law. The New Jersey officials requested the Commission to suspend the proposed rates until the question of the reaonableness of the advances could be determined.

Today's discuss'on covered, therefore, both questions—Jurisdiction and reasonableness. The decision of the Commission will be handed down later in the week.

AVIATOR COMMITS SUICIDE.

Had Designed and Operated Aeroplanes—Was Foreigner.

Marblehead, Mass., July 12.—Lieutenant Alexander L. P. Fitzner, of Budapest, Hungary ,an aviator, who had designed and operated aeroplanes, committed suicide by jumping from a skiff in Marblehead harbor today. He had been mentally depressed for some weeks. In his flights with Herring-Curtiss aeroplanes recently, Lieut. Fitzner met with a number of mishaps and after each of these he became more and more discouraged and morose. His friends say that he had expressed the intention on several occasions of committing suicide. Last Saturday, when he narrowly escaped drowning in a creek after a fall with his machine, he exclaimed while he was being pulled out of the water "I wish I had broken my neck, boys."

Today he went out from Marblehead in a skiff and later the boat was found floating in the harbor. It contained the man's coat and hat, an automatic revolver, and a note giving the address of the owner of the boat.

Lieut. Pfitzner was about 35 years old. He was a member of an old Hungarian family He came to this country about eight years ago.

MONOPOLIZES FRUIT BUSINESS.

United States Fruit Company in Federal Court.

Philadelphia, July 12.—On the declaration that the United States Fruit Company, holder of a majority of the stock of the Bluefields Steamship Company, limited, by alleged dominating tactics has caused a loss of at least $3,500,000 to the Bluefields Company, as well as blocking competition in the business of importing fruits from tropical regions to this country, Judge Holland in the United States Circuit Court here today appointed Elmer E. Wood, ancilliary receiver of the Bluefields Company. The action of the Federal court of this District follows that of Circuit Court for the district of Louisiana, which on December 3rd last appointed Mr. Wood primary receiver upon the application of Frederick M. Steele, of Chicago, a stockholder of the Bluefields organization who is also the petitioner in the present case. In the order appointing Mr. Woods ancilliary receiver Judge Holland instructs him to institute proceedings against the fruit company to recover the above amount.

VIRGINIA PHARMACISTS

Seem Not To "Take To" Election of Dr. Wiley:

Norfolk, Va., July 12.—The only noticeable feature of the first day's session of the Virginia Pharmaceutical Association which began its 32nd annual convention at Virginia Beach today was the reference made to the election of Dr. H. W. Wiley, the Government pure food expert, to the presidency of the United States Pharmacetical Association.

C. B. Fleet, of Lynchburg, secretary of the Virginia Association, who was a delegate to the U. S. P. in his report to the body today declared he regretted very much that Dr. Wiley was elected. He also stated that German delegates to the U. S. P. frequently "butted in" and spoke on everything that came up.

These references to Dr. Wiley and Germans were objected to by several members of the association and the report of Mr. Fleet was tabled. A committee was named to redraft the report.

DEATHS BY LIGHTNING.

University Students at Cripple Creek and One at Pueblo.

Cripple Creek, Colo., July 12.—Two university of Illinois students, Robert Chambers, of Oklahoma City, and Jesse Treakee, of Peoria, Ill., were killed by lightning on the summit of Mount Pisgah last night.

The two young men started to ascend the mountain yesterday morning. When they did not return last night a search party was organized. Their bodies were found under a big pine tree that had been shattered by the bolts.

Pueblo, Colo., July 12.—Mrs. Samuel Yarberry, wife of a ranchman living near Pueblo, was struck by lightning last night. Her clothing took fire and she was saved from being burned to death while unconscious by her five-year-old son, who extinguished the flames with a bucket of water. Mrs. Yarberry probably will die.

POWDER HOUSE FIRE.

Six Thousand Pounds of High Explosives Deals Death.

Pittsburg, July 12.—A powder magazine at Cabot, Pa., exploded early today, killing at least one person and injuring about 20 others.

The magazine was the property of the Standard Plate Glass Company and contained 1,000 pounds of dynamite and 5,000 pounds of blasting powder.

AEROPLANES GOOD IN WAR.

Curtiss Demonstrates That He Can Blow Up Battleship.

Atlantic City, N. J., July 12.—Glenn H. Curtiss tossed oranges as mimic bombs within three feet of the decks of the yacht John E. Mehrer II., used in place of a battleship during the sham battle arranged this afternoon to demonstrate the utility of aeroplanes in coast defense. The mock "bombs" were dropped from a height of about 300 feet and Curtiss purposely failed to strike the deck of the yacht for fear of injury to the officials and passengers gathered on her decks.

Visiting experts agreed that the experiments showed that a fleet of aeroplanes armed with bombs of high explosives could wreck any warships before guns could be trained on them.

The Mehrer was offered as a mark for the trials after government officials had refused to assign a gunboat which would have been armed with cameras mounted on the gunsights to photograph the "hits" made when the guns were fired at the aeroplanes.

Curtiss was flying about 45 miles an hour when he dropped the "bombs" and officials on the deck of the yacht declared that he was within accurate distance for rifle fire less than a half minute. Col. William Allen Jones, retired, formerly of the United States Engineer Corps, who is an advocate of aeroplanes for coast defense, stated after the trials his belief that the air machine has proved its efficacy. "The armored battleship is approaching its last days as an engine of attack against a cit or country guarded by aeroplanes," he said. "Glenn Curtiss or any other expert aviator could drop high explosives on the decks or down the funnels of a warship as easily as Curtiss today tossed oranges within a few feet of the yacht. I believe a fleet of a score of air machines would absolutely protect any coast city. A night flight by such a fleet would not only probably demolish an entire fleet of battleships, but could also so demoralize the crew of the attacked vessels as to make them useless."

Curtiss also dropped oranges over a fortification marked out on the beach making practically every shot a "hit", although the trajectory was sometimes 30 degrees, because of the wind and his speed.

LABOR IN COMING CAMPAIGN.

Believed That Majority of Congress Will be Its Friends.

Washington, July 12.—"I believe the next Congress will have a majority of members favorably disposed toward the legislation advocated by organized labor," said Secretary Morrison, of the American Federation of Labor today in discussing the political programme of that body. He said the Federation was in touch with every State in the Union and in response to requests from central labor bodies was furnishing information as to the attitude of candidates on the labor measures.

This record, he said, shows how members of Congress who are up for re-election voted on legislation in which labor was interested. New men entering the field are asked how they stand on the proposition and their replies are incorporated in the information furnished the central labor bodies. The voters are apprised of the views of the candidates by the local unions and then, he said, the question as to how their ballots shall be cast is up to the voters.

The Federation is advocating the election of members of labor unions to the State Legislatures, he said. Such candidates, receiving the endorsement of the Federation promise to attend the meetings of a labor group to consider measures of interest to the working man and to abide by the decisions of this group irrespective of the State Senates and Houses.

GREAT HOLE IN CASTINE.

Little Warship Was Struck Terrible Blow by Submarine.

Washington, June 12.—A jagged hole 210 square inches in area, was inflicted in the bottom of the gunboat Castine which lies beached in the sand at Truro, Mass., following her ramming by the submarine Bonita during yesterday's maneuvers. The naval tug Iwana is standing by the Castine while the latter's crew is making temporary repairs. Capt. Fremont, commanding the Boston navy yard, telegraphed the Navy Department late today as follows:

"Constructor Rock reports hole seven inches by thirty inches under the dynamo room of the Castine. Am making a patch to cover the hole and trying out the wrecking pump of the Iwana pending the arrival of wreckers. Castine is in sheltered position north 76 degrees each through from Long Point Light, a distance of two and three-eighths miles. Weather remains favorable."

Capt. Fremont will appoint a court of inquiry to investigate the accident. The Castine probably will be towed to Boston.

SALOON TURNED INTO CHURCH

Old Rock House Bar-Room, Near Erwin, Tenn., in New Use.

Roanoke, Va., July 11.—After being used as a bar-room a half century, during which time there were innumerable orgies and scores of tragedies within its walls and about its grounds, the old Rock House saloon in Uncol county, Tenn., near Erwin, was yesterday turned into a Presbyterian church. The Rev. W. A. Provine of Nashville preaching the dedicatory sermon. Dozens of men who had taken part in the rowdy scenes that marked the history of the building occupied seats in the cruoy pews at the first religious service and the knives bowie to all appearances have been buried by the many clans that used to meet at the spot to fight duels.

GUDGER NAMED IN THE TENTH

Stormiest Session of Congressional Convention on Record in Asheville—Nomination Came This Morning.

(Special Star Telegram.)

Asheville, N. C., July 13. (1 A. M.)—J. M. Gudger was nominated after midnight this morning by the Tenth District Congressional Convention on the fifth ballot, after one of the stormiest sessions on record continuing since noon yesterday (Tuesday). The nomination came after the convention had voted to sustain Chairman Morphew's ruling that Rutherford could not change its vote.

Asheville, N. C., July 12.—Never has there been such a stormy convention here as that of the Democrats of the Tenth Congressional District which assembled today at noon to nominate a candidate for Congress.

Ex-Congressman W. T. Crawford, of Waynesville, flatly refused to accept the permanent chairmanship as he desired to keep hands off the big row which he saw brewing. A. Cannon was elected chairman but had to leave because of illness in his family. Then T. A. Morphew was placed in the chair about 4 o'clock this afternoon and from then until 11 o'clock tonight pandemonium reigned. The committee on credentials threw out four precincts of Cherokee county for Gudger and there was also some shaving in Swain and Haywood, defeating J. M. Gudger's nomination on the first ballot by three votes.

The other candidates in the order of their strength are: W. J. Cocke, W. E. Moore, Frank R. Hewitt and Sol. Gallert. On the second and third ballots Gudger lost slightly. A row ensued over Rutherford's changing its vote, the chair ruling that it could not. An appeal sustained the chair. During the height of disorder, W. T. Crawford was called to quell the disorder and declared that John G. Grant would give $100 per minute for such a scene and the Washington headquarters would pay for it.

Gudger was nominated on the fifth ballot after midnight, after the convention had voted to sustain Chairman Morphew's ruling that Rutherford could not change its vote.

The convention was called to order at noon by Chairman M. L. Shipman, of Hendersonville. Secretary Phil C. Cocke read the call for the convention and Hon. W. T. Crawford was called to the chair as temporary chairman. In his opening speech Mr. Crawford made an eloquent talk, paying his respects in no uncertain terms to Congressman Grant, Speaker Cannon and the Republican party generally.

Mr. Crawford in his speech declared that Col. Roosevelt was the smoothest and smartest politician of the age and that after looking over the entire political situation in the country had sided with the insurgents. "Now watch these little fellows become insurgents," shouted Mr. Crawford.

On roll call of counties for contests, Cherokee, McDowell, Haywood and Swain announced contests, and adjournment for 30 minutes was taken at 1:45 to allow the committee to hear contests and transact other business. A permanent organization was announced on reconvening.

LYNCHING SPIRIT RAN HIGH

Dastardly Deed by Negro—Gagged Young White Girl.

Johnson City, Tenn., July 12.—The lynching spirit ran high here today after the 12 year old daughter of M. M. Campbell had been discovered in the rear of her father's home with her hands tied behind her and gagged with a handkerchief. She was badly bruised and showed evidence of a frantic struggle with a negro man who had slashed her clothing with a knife. The approach of members of the family frightened the negro away. A posse of infuriated men is searching for the negro.

HARDWARE CONVENTION.

Charleston, S. C., July 12.—The retail hardware association of the Carolinas opened a three days' convention here this morning. About three hundred delegates from all parts of the Carolinas are in attendance. The programme includes entertainments at the seashore resorts near here. Manufacturers of hardware supplies are making interesting exhibits before the convention. Asheville is working for the next session.

WAS OVERCOME BY HEAT.

Man Fell From Roof of Two Story Building.

Norfolk, Va., July 12.—James Clifford, a salter, was overcome by the heat while at work on a two story building in Church street today and fell from the roof to the sidewalk. The man was not seriously hurt by the fall but his condition was so grave from the heat prostration that he was rushed to St. Vincent's Hospital. His condition is considered serious.

PRIZE FIGHTER DEAD

"Kid Burns" New York Bell Boy Injured on Long Island.

New York, July 12.—In an amateur bixing bout held in Minelo, at L. I. last night Hugh Brant, known also as "Kid" Burns, a bell boy of 19, employed in a Garden City hotel, collapsed in the fourth round and died before medical assistance could reach him. The bout, a small private affair, was held in a room in the rear of the hotel bar. Brant's opponent was Tommy Walsh, aged 21, from Tuckahoe, N. Y.
